Gloomy Weather Pre-
vails as Great Game
Is Played

NEW YORK, Oct. 7.—The Philadelphia Athletics overcame the New York Nationals by a score of 6 to 4 in the first game of the world's championship series here today. Forty thousand persons saw the battle, in which heavy hitting featured.

New York used three pitchers in the box to stop the Athletics batsmen. Bender was hit hard, and, outside of the fifth inning, managed to keep the Giants' hits scattered. Baker was again a hero at the bat, driving out three hits, one of which was a terrific home drive to the stands, which scored Collins. The only fielding miscue was a wide throw by Barry.

The teams will meet at Shibe Park tomorrow, weather permitting.

Total paid attendance of the game was 36,291; total receipts, \$75,255. Of this sum the National Commission receives \$7,525, the clubs \$13,546 each, and the players \$40,638.

Over back of the Athletics' dug-out were several hundred Philadelphia enthusiasts.

Murky clouds, from which there came an occasional drizzle, screened the sun and there was a constant threat of heavy weather.

The Giants and Athletics came early to the club houses, which lie behind the back field bleachers. Bender was first in uniform. The Indians' delight is a big crowd. There was a rousing cheer as the Athletics' pitching star popped his head out of the little doorway under the center field stand.

Shortly after the contending clubs trotted on the field and then came the batting practice. His after his was driven by the Giant batters to the far corners of the field. Of course, the hits were made of straight ball pitching but it seemed to presage the heavy hitting by the home club and the crowd was happy. Fielding practice was brisk and brilliant by the home folks and the visitors and the plays were loudly cheered.

CROWDS IN LINE.

A crowd of more than a thousand young men and boys were besieging the gates of the Polo grounds at day-break today, awaiting the sale of the first of the popular-priced tickets for the first game of the world's series. It was a reasonably orderly crowd, considering the fact that hundreds had stood in line nearly all night, but with a big game in prospect the true baseball fan is always in good humor.

The record for patience was set by John Harris, a chauffeur, who began the line by arriving at 4 o'clock yesterday afternoon and who seemed determined to be the first to purchase a ticket. Those who gradually fell in behind him as the night wore on amused themselves by singing songs and swapping theories as to the outcome of the championship.

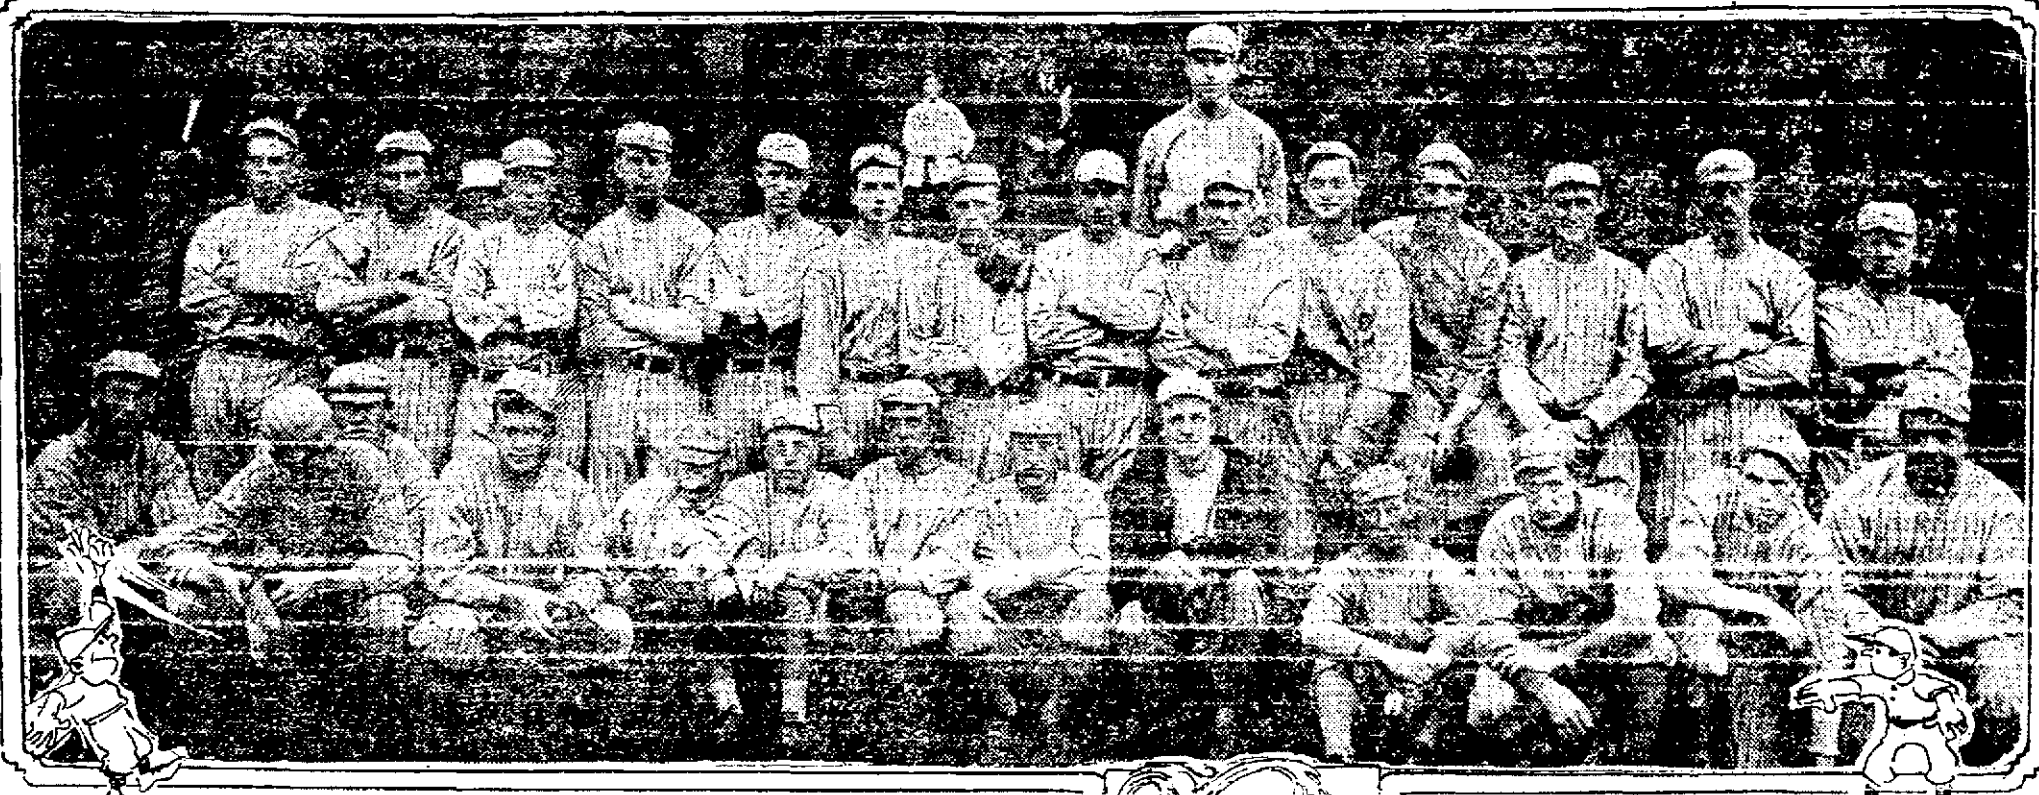

EVEN-MONEY BETTING.

Betting was reported heavier today, but still at even money. Professional bettors do not figure largely in baseball, so it is difficult to obtain definite information as to the amount of

POLO GROUNDS, New York, Oct. 7.—Marquard and Meyers were announced as the battery for New York and Bender was named for Philadelphia.

John Brush Hempstead, the young son of the late John T. Brush, president of the Giants, threw out the ball and the world's series battle was on.

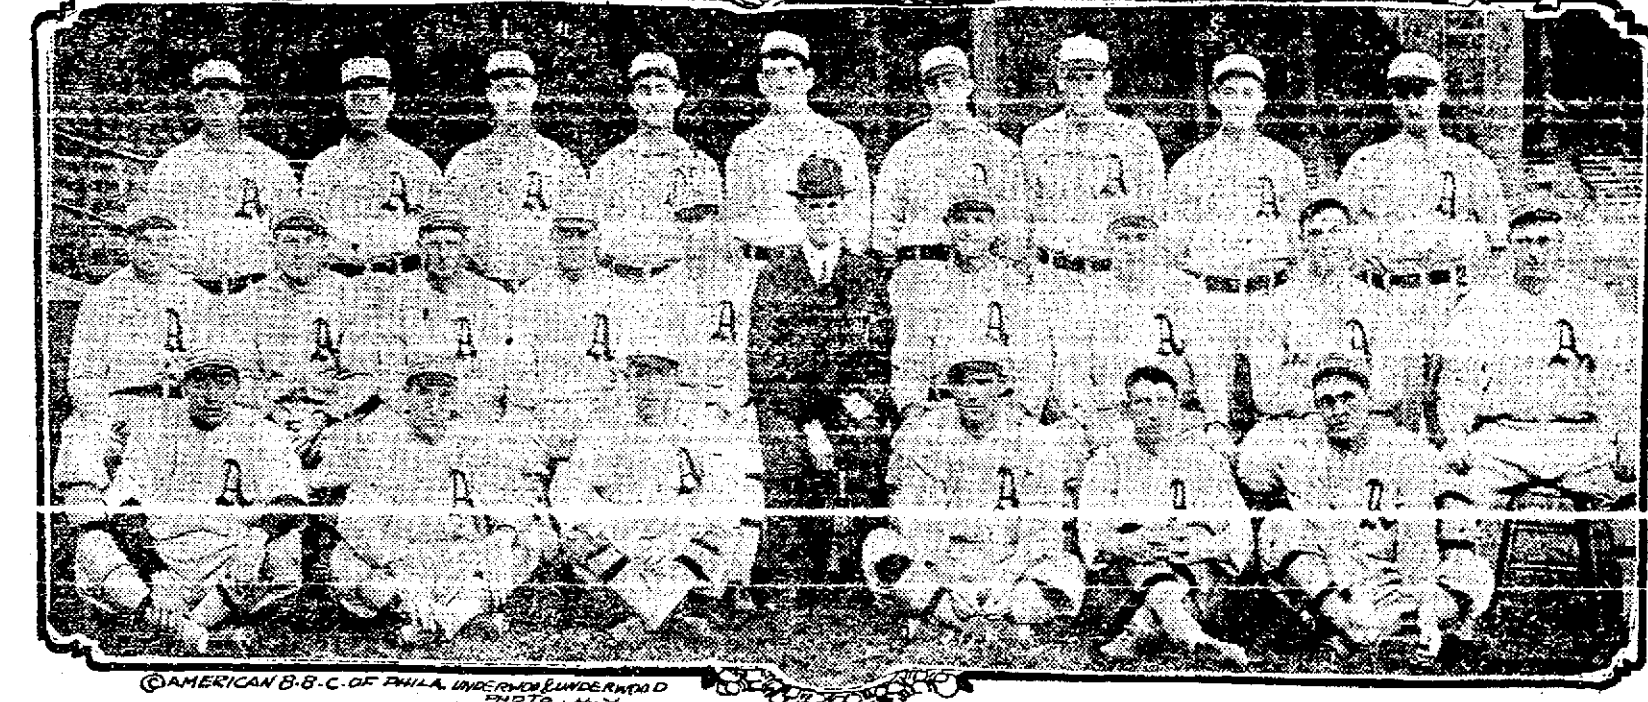

FIRST INNING.

Murphy flew out to Murray. Murphy smashed the first ball pitched and Marquard shot a strike over to Oldring. Oldring singled to right on the second ball. Marquard tried to catch Oldring at first but could not quite get him. The New York pitcher used plenty of speed the kept the ball at his knees.

Thrown by Marquard to Merkle. Collins singled sharply to center after having two strikes called on him. The crowd gave "Home Run" Baker a big cheer when he came to bat. Baker flew out to Burns. No runs, two hits, no errors.

New York—Bender grinned as Shaffer came to bat and shot a wide curve which was close to Shaffer's knees. It was a ball. The next one was a strike. Bender had good speed, which was difficult to solve in the dark day. Shaffer fled out to Murphy. Doyle out on a high fly to Strunk. Fletcher out stealing. Schang

MRS. STEVENS FOUND IS DUVALL HEIRESS

READS OF DEATH
IN CHICAGO PAPERS

Will Leave at Once for
California to Claim
Estate

Mrs. Amelia Duvall Stevens, heiress to the vast fortune of the late Alexandre Duvall and to the Chateau Bellevue near Livermore has been located in Chicago after an absence of ten years, according to advices received today by Attorney A. P. Leach, representing the public administrator.

Mrs. Stevens read in the Chicago papers that her father had died and that the authorities were searching for her as the only heir to the fortune. She immediately consulted a lawyer and announced her intention of leaving for California at once to claim the estate.

"We received a telegram from a Chicago attorney stating that his client, Mrs. Stevens, would start for California to claim her father's fortune," said Attorney Leach today. "I wired back asking for further particulars and stating that Mrs. Stevens was sole heir."

Gloom that surrounded the famous Chateau last Saturday when friends of the family and hundreds of outsiders gathered to attend an auction sale held by Public Administrator Mehmann, seems to have been lifted with prospects of the return of the heiress daughter of the household.

RAN AWAY 20 YEARS AGO.

Twenty years ago she was condemned by her father because she ran away and married Thaddeus Stevens, then a nurse in a Livermore sanatorium. About twelve years ago she divorced her husband and then returned to the parental roof, where she remained for less than two years. Her father only partially forgave her and forced her to occupy the position of a servant about the house. Tiring of his at-

Not in Directory

CHICAGO, Oct. 7.—Search of city, legal and telephone directories today failed to discover the name of Amelia Duvall Stevens, or M. Warnecke, reported last night as her attorney in seeking at Oakland, Cal., a share of the estate of the late Alexandre Duvall of California, valued at \$500,000. Reports have it that Mrs. Stevens some years ago was here under another name.

Ex-Convict Caught After Auto Chase

An automobile chase from Ninth and Broadway out through North Oakland into Berkeley hills resulted today in the capture of Paul Martins, an ex-convict. Martins had taken a horse and rig belonging to M. A. Macauley, 812 Broadway. Macauley learned of the theft, commandeered a friend's automobile, and telephoned to the police to follow his trail, started in pursuit.

Inspectors Hodgkins and Wood leaped into another automobile and followed. Macauley and his friend overtook Martins at Sixty-eighth and San Pablo, but he refused to halt, and they lost track of him for a time telephoning to the police. He was finally surrounded out in the Berkeley hills and brought back to Oakland, where he will face a charge of grand larceny.

A woman who was seen in the pursuit. She had seen Martins climb into the rig and drive away, and gave Macauley the first intimation of the direction he had taken.

RISKS LIFE TO SAVE CHILDREN

Aroused by the roaring of flames, to find the room about her bed a raging furnace, Mrs. Ethel M. Owen, a wealthy widow living on a ranch near Hayward, narrowly escaped death in the heroic rescue of her two small children, Harry and Ethel. Dashing through the burning rooms, she roused the sleeping children and hurried them, in their night clothes, from the house. As she made her way into the yard the entire dwelling behind her became a sheet of flames, and a short time after collapsed into a heap of smoldering ruins. The cause of the fire is not known. The damage is estimated at \$10,000.

Mrs. Owens was asleep when the fire broke out, and it was not until the hot breath of the fire and the noise of crackling timbers roused her that she realized her danger. Awakening to find the room burning, her first thought was for her children.

Wrapping herself in a blanket, for protection against the heat, she dashed frantically through the burning doorway and into the halls, the doors of which were nearly sagging with the fire beneath. Rousing the children and wrapping them in her own blanket, she escaped with not a moment to spare.

Neighbors, hastily summoned, attempted to aid in rescuing the belongings of the woman, but the heat prevented approach to the blazing home. The loss is partially covered by insurance.

Devlin to Play Ball First Time Thursday

Arthur Devlin, new manager of the Oaks, announced this morning that he expected to insert himself in the

Thursday afternoon when the Oaks play Los Angeles on the home diamond.

"I have been watching the team closely," said Devlin this morning, "and I expect that before another week is out I shall have pretty well made up my mind what places are in need of strengthening. The team is capable of playing good ball. No team could have played better than they did last Saturday when they won from Portland. My heart and head are set on giving Oakland a winning club and I hope the fans will

GREAT TRIPLE CHURCH IS URGED BY REV. PALMER

Pastor Would Sell Old Building to
Raise Fund for Work

As a solution to the problem which is now confronting the First Congregational and the Plymouth Congregational churches of this city, Rev. Albert W. Palmer, pastor of the Plymouth Congregational church, suggested last evening at a special meeting of the official board of the First Congregational church that the two churches unite their membership into one church organization, to be known as the First Congregational church of Oakland, with one board of trustees, one treasury, one budget, and one responsible minister.

Rev. Palmer did not state whether or not he would accept the call extended to him last summer as the successor of Rev. H. A. Jump, former pastor of the church, but outlined a plan which is now under the advisement of the pulpit committee, headed by C. Z. Merritt, and which will be considered at a meeting to be held next Friday evening. The committee will probably make its report Sunday morning at the devotional services.

The suggestions made by the clergymen were as follows:

DR. PALMER'S SUGGESTIONS ARE OUTLINED.

First—Unite the membership of both First and Plymouth into one church organization to be known as the First Congregational church of Oakland, with one board of trustees, one treasury, one budget, and one responsible minister.

Second—Operate this united church from three points of a telephone line in the heart of the downtown district, one at the present Plymouth location and the third in the Lake Shore avenue region northeast of Lake Merritt.

ONE MINISTER WITH TWO ASSOCIATES.

Third—Have one responsible minister and two associates, chosen for their preaching ability, and also one director of religious education, to stimulate and standardize the three Sunday schools. The minister-in-chief would preach usually uptown in the morning and downtown in the evening, special

attractive. Members of the church would attend whichever of the three branches they find most convenient or where they may be drafted for active service.

WOULD SELL OLD CHURCH PROPERTY.

Fourth—Sell the First Congregational church property and invest the proceeds as follows:

\$500,000 for a new location in the heart of town, and a building expressly designed to meet downtown conditions, containing an attractive preaching

Approach of Winter Makes Conditions Serious

Help From Outside Is Necessary; Bodies Washed Ashore

SEATTLE, Oct. 7.—The approach of winter makes the situation at Nome serious. The steamships Victoria, Corwin and Navajo are expected to bring away refugees and the steamship Senator will sail from Seattle for Nome tomorrow. The revenue cutters in Bering sea also are available for relief work. Ice conditions point to the early closing of Bering sea. Ice has been moving south from the Arctic ocean through Loring strait for two weeks.

The storm is abating, according to latest dispatches. Three unidentified bodies have been washed ashore. Five hundred persons are homeless. Help from outside will be necessary.

The steamships Victoria, Navajo, and Corwin are safe at anchor seven miles out.

DESCRIPTION OF NOME.
Nome, the famous gold camp on Bering sea, the most northerly city in the world, was built on a sandy beach. In front of the town there is an anchorage for ships, but steamers don't make a landing. Cargoes and passengers are landed at an aerial tramway station in deep water. The principal part of the town, which is about 4000, is on the east side of Snake river, with a long finger extending to the west along a narrow sandspit. This sandspit was rich in gold dust and the early settlers built their cabins there.

Of late years the sands have been worked out and little except dredging operations, which require large capital, is being done. It has been estimated that the dredges have enough ground in sight to operate fifty years more. Nome has produced more than \$35,000,000 of gold dust. Some years the yield has been as high as \$5,000,000. This year the production will not exceed \$4,000,000, owing to lack of water.

The summer population of Nome is about 4000, and in the winter 2000 remain, the others coming out on steamships that leave late in October. One steamship is yet to leave Seattle for Nome. It will be possible to send revenue cutters to Nome to deliver supplies and take away needy persons who wish to leave.

DESCRIPTION OF NOME.
Nome, Alaska, Oct. 7.—Crushed and helpless from a terrific tornado which swept out of the Bering sea early yesterday, hurling a avalanche of giant waves upon the waterfront and demolishing more than 500 buildings, Nome is a raging furnace, with its inhabitants impotently watching the destruction of their winter food supply.

The fire has broken out in a dozen different sections and the buildings are being consumed by the Pacific Cold Storage plant, where the chief supply of meat was stored, is a mass of flames.

The fire apparatus was rendered useless when the city's fire house was swept away in a swirling mass of wreckage, into which great seas are breaking, while hundreds of homeless are struggling to save necessities of life.

Receding seas are carrying away the contents of wrecked houses and

Check the Symptoms of Lung Trouble

One of the many reasons why Lung Trouble is so difficult to fight is because the disease is often of a very flatter nature. The patient may look well, but in reality is fast losing strength by continued night sweats, fever and cough. These symptoms should be checked as quickly as possible. Eckman's Alternative is beneficial in checking fever and night sweats and it has brought about many complete recoveries. Read this case:

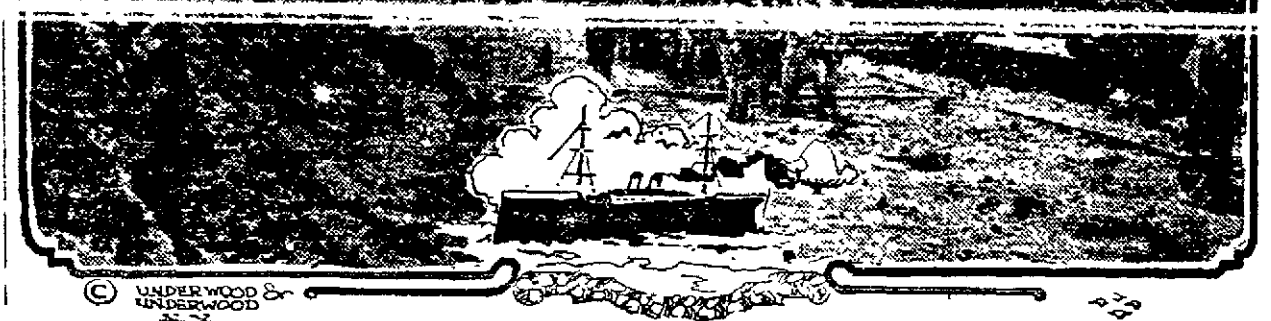

"Gentlemen:—An article in your issue of the 2nd inst. has been forwarded to me. It was a very young woman I was a sufferer from Bronchitis. I tried doctor after doctor, getting little benefit. I was losing weight and strength, and I was a friend of mine, Mary Kuchner, who is a friend of mine, recovered after taking your Alternative and insisted that I try it. I am now an old man, perfectly well, strong and healthy."

(Attended by) MRS. ROSA VOLKEL.
(Above abbreviated name requested.)

Eckman's Alternative has been proven by many years' test to be most efficacious for severe throat and lung affections. Bronchitis, Bronchial Asthma, Stomach Colds and in rebuilding the system. Contains no narcotics, poisons, or habit-forming drugs. Sold by The Owl Drug Company and leading druggists. Write the Eckman Laboratories, Philadelphia, Pa., for booklet telling of recoveries and additional evidence.

FINAL WORK ON CANAL IS RUSHED BIG FORCE OF MEN ARE AT WORK

MEN AT WORK CLEARING THE CULEBRA CUT.

WASHINGTON, Oct. 7.—The last of the preliminary work on the Panama canal dikes is being finished up today preparatory to the blowing up of the Gamboa dam. The bottom of Culebra cut is being cleared. A large force of men is working on the bottom of the cut and water will be turned into it on the night of the 10th. At the Gamboa dike 2000 men are working to place the dynamite charges that will blow up the obstruction Friday.

MORE ARRESTS IN SEGREGATED ZONE

Cafe Entertainer and Her Male Companion Arrested on Vagrancy Charges.

The drifting population from the segregated district, which is to be closed December 31 by order of Commissioner of Public Health and Safety Turner, was again the subject of police action in the person of Evelyn Parks, a cafe entertainer, arrested at the Hotel "Gay" at Tenth and Clay streets, with a male companion. Both were booked on charges of vagrancy. One of the members of the new "moral squad" of police, to whom has been delegated the duty of suppressing the model city, listened at the door and heard the girl tell Kane that she wanted to leave the "life." Kane is alleged to have urged her to continue to earn money in the way she had for some time. Kane explained that he was a blacksmith by trade, but when Corporal A. B. Smith found that his hands were as soft as those of a woman, he booked him on a charge of vagrancy.

Eight arrests on similar charges have been made in the past twenty-four hours.

BUILDINGS BURN

None of the buildings on the sandspit remain standing and the leveled structures there are in flames. This portion of the community is cut off by the turbulent waters.

Men and women worked all night in the icy water to save their goods and household effects. The electric light was put out of service early in the storm. The telephone service was also cut off.

The whole section known as "Sand-strip," extending along the ocean for about two and a half miles was laid flat or washed away.

PURE FOOD LAW NOW FACES THEM

Ohio Winemakers Have New Difficulties With Department to Settle.

WASHINGTON, Oct. 7.—Ohio and other eastern wine makers, faced by their attempt to ruin the California pure wine industry with the Pomerene amendment, soon be in hot water at the department of agriculture.

As forecasted, the makers, on the big day they expected to win their attempt to injure their California competitors, drew the attention of the pure food board to their methods of manufacturing "wine" out of sugar, water and grape skins that parties reported to be a new process back for them and it may not be long before the pure food board forces them to label truthfully every gallon of their fake wines.

Secretary of Agriculture Houston following the application for a modification of the suspension of food inspection decision No. 120, which relates to the labeling of Ohio and Missouri wines, announced today that he will hold a public hearing at the department November 6.

MAY ATTEND INSPECTION

All wine makers and grape growers and other interested parties are invited to present such arguments and testimony as they may see fit, either for or against the proposed modification of decision No. 120, which relates to the labeling of Ohio and Missouri wines. Those unable to attend in person may submit written statements.

Food inspection decision No. 120 states: "The board is of the opinion that the term 'wine' without modification is misleading and deceptive."

The product made from normal alcoholic fermentation of the juice of sound grapes, without addition or abstraction, either prior or subsequent to fermentation, except as such may occur in the natural cellars used for clarification and aging. The addition of water or sugar, or both, to the must, prior to fermentation, is considered improper, and a product so treated should not be called 'wine' without further characterization.

"A fermented beverage prepared from grape must by the addition of sugar, would properly be called a 'sugar wine,' or the product may be labeled in such fashion as to clearly indicate that it is not made from untreated must, but with the addition of sugar. In the opinion of the board no beverage can be made from pomace or grapes which is entitled to be called 'wine,' however further characterized, unless it be by the word 'imitation.'"

LABELING FAKE WINES

Food inspection decision No. 120, headed "Labeling of Ohio and Missouri Wines," deals with the question whether a sugar wine may be added to the label of a wine. The decision states that grape must be for fermentation in Ohio and Missouri, and the product still labeled "wine." This decision allows the addition of a sugar solution to grape must under certain conditions and permits the product to be known as "Ohio wine" or "Missouri wine" or "Ohio sweet wine," or "Missouri sweet wine."

The decision permits a product made in Ohio or Missouri by the addition of water and sugar to the pomace of grapes from which the juice has been partially expressed, and by fermenting the mixture until fermented to be labeled "Ohio wine" or "Missouri wine." If a sugar solution is added to these products for the purpose of sweetening after fermentation the decision requires them to be characterized as "sweet pomace wines." The addition of an artificial coloring matter, sweetening or preservative other than sugar, must be declared plainly on the label.

STRINGENT ORDERS

Officers of the department of agriculture declared that these decisions undoubtedly will be made more stringent than the existing ones as to force fake wine makers to plainly label their products with the truth.

Pure food inspectors have begun to seize all over the country "wines" made by the eastern fakers. Yesterday 720 bottles, made by Ohio fakers, were seized at Indianapolis. This bogus concoction was labeled "Special Supperpong Bouquet."

POLICE SEARCH CABIN OF MISSING SUSPECT Strange Disappearance of Girl's Apparel Puzzles Them

(Continued From Page 1.)

authorities in order that if the criminal is caught in a day or two, as is now anticipated, he can be confronted suddenly and unexpectedly by the mutilated body of the victim and a full confession probably be obtained.

Up to this time no shred of the dead woman's clothing has been found and Officer Betts, whose home and beat are in Stege, is today making a thorough search of the cabins and shacks along the bay section of that vicinity in search for some clue to the missing clothing. When she left San Francisco Wednesday last to come here the girl was clad in a red coat and carried a satchel, but the body when recovered was nude except for an undershirt. That she

Sardina on the fatal Wednesday night has been established and there is no doubt of a chicken dinner which the missing Turk had provided.

It is now certain that the body was thrown into the bay Wednesday night, October 1. Reckoning with the evidence now at hand the police now say that the body was carried down the bay by the cap factory and laid upon the wharf while the factory was broken into and the chains and weights taken which were found on the body. Blood spots were discovered yesterday on the end of the pier. It is the theory of the officers that two men must have been implicated in the job, for the reason that the girl weighed 140 pounds and was carried more than a thousand feet along the wharf, where 120 pounds of T. rail, weights and chains were added to the weight of the girl, making it impossible for any one man to handle such a weight. The end of the pier is torn by the rail as the weight slid over it into the bay.

REWARD OFFERED

Sheriff Veale today offered a reward of \$20 to the employees of the cap works if they found the missing clothing of the girl. Said Ali has not as yet been located, but it is believed he is in some of the camps where many of his countrymen work in this section of the state. Following is his description:

Age 30 years; height, 5 feet 7 inches; weight, 145 pounds; smooth shaven; swarthy complexion; dark eyes; wore brown suit with white stripes, double-breasted and square cut; light hat crased in middle; chest, tan shoes; a laborer; sometimes wears a mustache.

From the correspondence from Said Ali found today among the dead girl's effects it develops that the girl and the Turk had been intimate and keeping up constant correspondence throughout the time she worked in an Oakland restaurant and after she moved to San Francisco. Many letters to her from him urge her to come to him and offer to provide for her. The two formerly worked side by side in the cap factory, wrapping caps, and whenever the girl visited her home at Stege she has been in the habit of also visiting Ali at his cabin near the factory. This much Musa Kahn, his partner, now in jail here, admitted this morning, though stoutly denying that he had been there lately or that he knew anything about the murder.

POLICE THEORY

The theory of the Richmond police now is that the girl came to Ali last Wednesday evening for the purpose of taking dinner with him at his home, a chicken dinner having been provided for the occasion; that he met her at the car near East Shore Park and that she refused to consent to his proposition for her to live with him and that in a quarrel that followed he struck her down at some point between the car line and his dwelling, completing the job at the cap factory in an endeavor to hide his crime. The next day he knew what pay he had coming from the factory and disappeared. The police and sheriff expect to have him in the cells in a day or two, as they are placing a barrier around him of so many watchers that it will be very difficult for him to escape.

According to M. Horwick, a photographer at 462 Eighth street, said Ali Khan was in Oakland Friday night, contradictory to the statement made by Khan to his roommate and the sister of the dead girl of his intentions to go to San Jose. Horwick told the police that he had photographed the missing Hindoo several weeks ago and that because of the man's peculiar countenance, he was certain that he was not mistaken in the man's identity.

"Said Ali stood directly in front of my photo shop last Friday night for at least half an hour," said Horwick. "I am positive it was he. He seemed

SEEKS DEATH BY GAS WHILE IN PRAYER

SAN FRANCISCO, Oct. 7.—After turning on the gas in his apartment at the Niagara hotel early this morning, Harry Millar, a millman, dropped to his knees in prayer and was found in a dying condition several hours later still in an attitude of supplication. He had carefully counted out his money, amounting to \$13.25, and had evidently planned to commit suicide. He was removed in an ambulance to the Central Emergency hospital, but died en route. For some time he had been employed at the

to keep his eyes riveted on the pool-room across the street, where Rosa Domingo was formerly employed.

The Hindoo was very talkative in his first visit to the place, but as he stood in front of my place of business Friday night he appeared uncommunicative and sullen."

Horwick also declared that three Hindoos had appeared at the shop Saturday, with the request that they be allowed to see a set of pictures in the place. This, the police believe, may have some bearing on the mysterious death of the Domingo girl and a search for the trio is being conducted.

Contrary to expectation, Charles Riller, the Stege dravman, whose

dead girl's, was unable to shed any light on the affair further than that he had heard the Hindoo and the dead girl quarrel, the Hindoo accusing her of unfaithfulness to him and threatening to kill her. Riller succeeded in proving an alibi.

No further light was shed on the affair by the proprietor of the Gemma apartments, who today reiterated that Rosa Domingo was in deadly fear of Khan, declaring that she feared the Hindoo would do her bodily harm were she to refuse to marry him. He also stated that the girl had shown him a letter containing love passages, in which the Hindoo said he would spend all of his money on her (Rosa) and would not give her up under any circumstances.

PROMISED TO RETURN

Trolls proprietor of the restaurant at 1111 Sixth street, where the girl worked, said yesterday that she left his place on Wednesday night, "She promised me to return Wednesday morning," he said. "Several times an American boy has been here to call for his sweetheart, the girl called Rosa, but I do not know his name."

Two sisters of the Domingo girl, Mary and Julia, accompanied by a brother, Joe, came to this city yesterday for their dead relative's belongings. They were allowed to take everything except the letters and other material evidence, which the police believe may fasten responsibility for the crime.

"She had not come to see us in Stege for a long time," said Mary Domingo. "We often met her, but although she came to Stege to see Rosa, she had not been home for many weeks."

Musa Kahn, Said Ali Khan's room companion, has been closely questioned by the police. He has admitted that Said Ali was often in the company of the girl, but confessed to know nothing of the murder. It is believed that the crime took place during the early hours of Wednesday morning. Musa Kahn declares he did not see Rosa and Khan together on that night, and that he has no knowledge of the present whereabouts of the missing girl. The men admitted that he went to the foreman of the Stege match factory Thursday night to secure Said Ali's wages.

DESCRIPTION SENT ABROAD

A description of the man has been sent all over the State, and the police have been asked to join in a thorough search for the Hindoo.

Said Ali Khan is about 30 years old, weighs about 145 pounds, and is about 5 feet 7 inches tall. When last seen he wore a brown suit with a vertical stripe and cheap patent leather shoes.

Hindoo students at the University of California said yesterday that they did not believe Said Ali Khan himself wrote the letters to Rosa, declaring that it is not usual for an East Indian, no matter how long in America, to write in such a manner. A circumstance which the father of the slain girl says bears out the belief that Rosa was in the cabin of the Hindoo last Thursday evening transpired when two other members of the Domingo family delivered some provisions to the Khans.

"You can't come in," was the assertion of Said Ali, according to the father.

Ordinarily the Khans and the Domingos had been friendly, and the father says this abrupt challenge indicates that the girl was with the two Hindoos for at least several hours Thursday.

MICHAEL J. ROACH

PASSES BEYOND

Was Oakland Pioneer and a Member of Former Volunteer Fire Department.

Michael John Roach, a pioneer resident of this city and a volunteer fireman, died yesterday afternoon at the family home 1150 Fourteenth street. He had been ill for the past twenty-two months and had been under the care of physicians.

Deceased was an employee in the local street department for a number of years and gave splendid service during that period. He also fought many fires in Oakland and often risked his life while saving the public.

He was born in Ireland but came to Oakland in the prime of his career. For fifty years he had lived in this city and was proud of his growth and prosperity.

Besides a wife, Mrs. Mary Roach, he is survived by two sons, John Roach and James Roach, and six daughters, Miss Margaret Roach, Miss Mildred Roach, Mrs. Frank A. Genuing of Vallejo, Mrs. Kate Neal, Mrs. L. V. Deaulieu and Mrs. D. F. Beatty.

The funeral will be held tomorrow morning from his home and a regular high mass will be said in St. Anthony's church in East Oakland. The interment will be in St. Mary's cemetery.

American Prisoners Released in Mexico

WASHINGTON, Oct. 7.—James Bennett and his son, Americans held prisoners and charged with political activity against the Sonoran state government, have been released through the efforts of American Consul Smith at Ensenada.

SULZER ASKED AID OF MURPHY, SAYS RYAN

Testifies Governor Sought the Stoppage of Proceedings Through Tammany.

Louis A. Sarecky Called to Lay Ground Work for the Defense.

ALBANY (N. Y.), Oct. 7.—Allan A. Ryan today testified that Sulzer asked him to ask Delancy Nicoli to see Charles F. Murphy in an effort

ings stopped. The ground work for the defense of Governor Sulzer was to be laid today by Louis A. Sarecky, formerly Sulzer's campaign secretary and expected to be today's first witness at the impeachment trial.

In outlining the defense yesterday, former Senator Harvey D. Hinman told how the governor turned his campaign funds over to his secretary and trusted in him to keep them straight. When it came time to make out a financial statement, Hinman said, Sarecky drew it up, the governor glanced at it, took his secretary's word for its correctness, signed it and thus ended the transaction.

Two other witnesses, Lieutenant Commander L. J. Josephthal of the Naval Militia, and Hugh J. Kelly, were held in reserve for use in case Sarecky was excused early.

Planning Bazaar for Guild Women of St. Mark's Busy

San Leandro Talent to Render Fine Musical Program

SAN LEANDRO, Oct. 7.—The women of St. Mark's Episcopal Guild of San Leandro are planning an entertainment and bazaar to be held December 12 and 13. In addition to the usual bazaar attractions there will be a demonstration of a new electric cooker. There will also be a musical program, in which local talent will take part. The proceeds from the entertainment will go toward the Guild fund.

Mrs. B. F. Mason, president of St. Mark's Guild, is chairman of the committee in charge of the bazaar. Mrs. Charles Spurr is treasurer, and Mrs. F.

charge of the fancy work booth; Mrs. Fisher, Mrs. E. Schiverson, Mrs. J. W. Bullen and Mrs. Freewyn will look after the refreshment booth. The candy stall will be superintended by Mrs. M. E. Eastman and Miss Maxine Elliott. The Misses Ruby and Florence Mason will have charge of the fish pond, and Miss Dorothy Brown and Miss Mary Spurr of the ice cream booth.

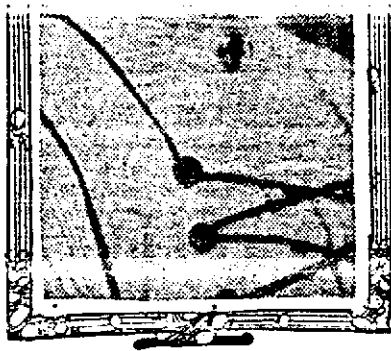

The Masonic hall, in which the bazaar and entertainment will be held, will be fully decorated, and the promoters of the bazaar anticipate a busy two-days' sale of the many tempting articles which will be displayed.

OPEN FORUM LECTURE TO BE "PEACE AND WAR"

the rank and file of Progressives about the bay. The address will be delivered at Rice Institute, Seventeenth street and San Pablo avenue, Oakland, Wednesday evening, at 8 o'clock, and is free to the public. Questions and discussion will follow the lecture.

UNION LABEL WAS MISSING ON BANNER

Omission May Cost Sacramento Labor Convention in 1914.

FRESNO, Oct. 7.—As a result of the discovery yesterday that the union label was missing from the large sign of the Sacramento delegation asking for the 1914 convention of the California State Federation of Labor, delegates today are predicting that Stockton will win out in the contest. Sacramento was quick to rectify the error, but not before the convention had loudly expressed its disapproval of the omission.

The second day's session of the convention in session here, beginning at 9:30 o'clock this morning. Beaten in a preliminary skirmish yesterday it is evident that the Socialists will continue to fight for control. Los Angeles Socialist leaders are working quietly and apparently have a strong following from the south.

The fight for the presidency is waxing warm. Daniel P. Haggerty, incumbent of San Francisco, seeks re-election, and is opposed by Frank Merryfield, member of Cook's Union No. 44 of San Francisco. While the latter says he is running independent, it is said he will have support of the Socialists who, although planning to have a complete ticket in the field, may not nominate a leader completely affiliated with them.

MANY DELEGATES. With 250 accredited delegates in attendance, the fourteenth annual convention of the State Federation of Labor opened in Old Armory Hall yesterday. T. G. Vickers, president of the Fresno Labor Council, presided. The order of business included an opening address by President Vickers, an address of welcome by Mayor Alva E. Snow, the introduction of President D. P. Haggerty and the reports of officers.

The federation adopted resolutions unanimously endorsing the Hatch-Hatch bill now before Congress as beneficial to the whole state and to the interests of the laboring men.

M. E. Greenhoff, organizer of the Butchers' Union of San Francisco, gave notice that he would introduce for passage a resolution calling for a uniform meat inspection law for the state, and for a Sunday closing law for butcher shops. This will bring again before the organization acutely the question of Sunday closing legislation by the state.

Stockton and Sacramento are both making a hot fight for the convention in 1914. Posters, badges and tags of all descriptions are being distributed by the delegates of both cities. A public reception was held at a hotel last night for the labor delegates and their friends and later a theater party was arranged.

Among the resolutions that will probably come up during the week's sessions is one of protest against the arrest and treatment of the men engaged in the recent hop riots at Wheatland. An important piece of work is the election of a delegate to the American Federation of Labor convention at Seattle, November 10. This matter probably will come up Friday, the day on which the officers are to be elected, on which date the convention is to come to a close.

TRIO CONCERTS STIR INTEREST

McIntyre Musicians Will Be the Attraction at Hotel Oakland.

Considerable interest in musical circles has been aroused over the McIntyre Trio concerts, now being held in Berkeley under the auspices of the exclusive college set, and soon to be repeated under the auspices of Oakland music lovers at the Hotel Oakland. Fresh from European and New York triumphs, Joseph McIntyre, the noted pianist, with Victor De Gomez, the young Berkeleyan who has leaped into fame as a cello player, and Ralph Wetmore, have revived chamber music.

The next concert will be held at the home of Mrs. Walter Yale Kellogg, 2233 Piedmont avenue, on October 23. Mrs. Charles W. Camm will act as soloist at the event. Winston Churchill, the novelist, Mrs. Churchill, and many well-known college professors and society folk, will act as patrons and patronesses.

DEPARTING BURGLAR

Awakened in the night by the sound of a door being closed sharply, J. W. Kirk, 518 Twenty-second street, discovered that his apartments had been entered and that the burglar had aroused him when leaving the place. The thief had escaped. A scarf pin and \$20 had been taken. Entrance was effected by using a skeleton key.

Mrs. Belle Terline, 735 Pine street, reported the theft of \$15 taken from a cabinet in her bureau.

WATERFRONT LAND LEASES TO COME UP TOMORROW

To Discuss the Possibility of Leasing Under Present Charter Provision.

The question of the lease of waterfront lands will be taken up tomorrow at a conference between Commissioner of Public Works Anderson, City Attorney Ben F. Woolner and the committee representing the Oakland Commercial club. The conference will take up the question of whether it will be possible to lease lands under the present provisions of the city charter or whether it will be necessary to amend the charter.

Anderson has requests for two leases that would net the city a tidy sum annually if the leases could be made on some established rate. If the matter is up at public auction, however, the uncertainty is so great that business concerns are unwilling to deal with the city.

FLOWER SHOW TO OPEN TOMORROW

Alameda County Floral Society to Hold First Complimentary Exhibit Here.

The first flower show of the Alameda County Floral Society opens tomorrow and will continue until Thursday night. The show will be in the nature of a complimentary to the people of the county and no admission fee will be charged. The Oakland Chamber of Commerce has kindly donated the use of the upper hall for the display and the commodious and well lighted room will make an attractive setting for the blossoms and plants of the declining autumn.

The exhibits will be on display from 2 p. m. Wednesday to 10 p. m. Thursday, and members of the society will be on hand to receive applications for membership and to furnish whatever information concerning the exhibits that visitors may desire.

The show will test severely the resources of the amateur gardeners for the latter part of autumn always brings the flower market to a scarcity so far as out of door blossoms are concerned, but the committee of arrangements is confident that success will crown their efforts. The committee consists of Mrs. J. Brant, chairman; Mrs. Theodore Sachau, Mrs. J. A. Scannavino, Mrs. Irene Vaughn, Mrs. M. McKinnis and William A. Pryal.

'BOSSSES' QUICKLY BECOME WAITERS

Writ of Attachment Causes the Prompt Disclaimer of Dignity by Greek Trio.

WILSON, Oct. 7.—Constable William Allan is running a Greek restaurant on East Fourth street and Thirty-fourth avenue, while the owners, three Greeks, are trying to settle who is "boss" of the place. To be "boss" under the circumstances, they consider rather an unenviable position, for Allan has taken out a writ of attachment against the restaurant. The Greeks, who are endeavoring to shift the responsibility of ownership on each other are P. Parlos, A. Manesi and A. Pappas.

When the constable asked who owned the restaurant, all three claimed to be "boss" until he produced the writ of attachment and then the Greeks climbed down and each claimed merely to be a waiter in the place. Allan thinks he has found or rather lost the real owner, for A. Manesi disappeared yesterday and left the constable in possession of the premises.

Allan looks after the financial end of the business while he employs the Greeks as waiters. As Manesi cleared out with all his belongings, Allan is prepared to run the place for an extended period.

HAS ANYBODY SEEN YUN YING?

Wily Alien Drops From Sight En Route and Captain Neville Is Worried.

SAN FRANCISCO, Oct. 7.—Has anybody seen Yun Ying. His production at this time would relieve Captain Robert Neville of the steamship Willoughby and his first officer of an unpleasant situation. He is just an ordinary Chinaman, forming one of a hoodoo lot of 23, but his disappearance caused the arrest of the captain and mate at the hands of Deputy Marshal Arnerich today. The Willoughby belongs to the Union steamship line and is en route to China.

at Tahiti en route to China. They were to be transferred here and had been held at the immigration sheds. With two men in charge they were moved at the instance of Captain Neville from place to place on Oct. 7. While en route No. 23, just naturally dropped out of line. Captain Neville and his assistant are now charged with allowing an alien to escape, punishable by a fine of not less than \$100 or more than \$1000, or with imprisonment for not more than one year.

"Distinctively Individual"

This is Guaranteed to Stop Your Cough

Make this Family Supply of Cough Syrup at Home and Save \$2.

This plan makes a pint of better cough syrup than you could buy ready made for \$2.50. A few doses usually conquer an ordinary cough—relieves even whooping cough quickly. Simple as it is, no better remedy can be had at any price.

Mix one pint of granulated sugar with 1/2 pint of warm water, and stir for 2 minutes. Put 2 1/2 ounces of Pinex (fifty cents' worth) in a pint bottle; then add the Sugar Syrup. It has a pleasant taste and lasts a family a long time. Take a teaspoonful every one, two or three hours.

You can feel this take hold of a cough in a way that means business. Has a good tonic effect, braces up the appetite, and is slightly laxative, too, which is helpful. A handy remedy for hoarseness, croup, bronchitis, bronchial asthma and whooping cough. The effect of pine on the membranes is well known. Pinex is a most valuable concentrated compound of Norwegian

guaiac and other natural healing pine elements. Other preparations will not work in this combination.

This Pinex and Sugar Syrup remedy has often been imitated, though never successfully. It is now used in more homes than any other cough remedy.

A guaranty of absolute satisfaction, or money promptly refunded, goes with this preparation. Your druggist has Pinex, or will get it for you. If not, send to The Pinex Co., Ft. Wayne, Ind.

MECHANICS' FAIR IDEALLY MANAGED

Successful Exhibit Securely Establishes Reputation of George E. Middleton.

The magnitude and beauty of the Mechanics' Fair, on which the Pavilion opened its doors a week ago last Friday evening, has securely established the reputation of George E. Middleton, its general manager, as one of, if not the very greatest, of the exposition men that this state has ever produced. Middleton not only had the preparations for the big event under his immediate supervision, but he also conceived the idea of reviving the old Mechanics Fair and put it into execution by organizing the corporation which financed it.

The fair as finally arranged represented years of work on Middleton's part. The idea of a revival came to him several years ago and he immediately began to prepare himself for the labor of accomplishing it. He put himself in touch with the most pretentious exposition endeavors in the East, making a special study of the big Pittsburg exposition, which has a successful recurrence each year, and selected what he found the best in each case for the purpose of promoting the fair out here. It is safe to say that, in point of booth arrangement, decorations, exhibits, band music and special entertainment features, this section has never seen the peer of the fair which came as a result of Middleton's work.

Middleton has been more or less closely identified with Oakland on numerous occasions. He is rated one of the best athletes that ever registered in Oakland High school. It was also he who managed the big automobile show given under the auspices of the Oakland Automobile Dealers' Association at Idora Park something over two years ago. The show is generally conceded to be the most pretentious and successful ever prepared for the automobile trade in this city.

Middleton introduced for the first time the scheme of redwood tree decorations, which has since become one of the most popular in local exposition circles.

By a natural sequence Middleton has stepped from the automobile business into the automobile show game and from the automobile show game into the more pretentious exposition endeavors represented in the Mechanics' Fair.

PRISON FOR DONALDSON
SAN FRANCISCO, Oct. 7.—Robert T. ARTHUR FISK TO MANAGE ESTATE

San Francisco Postmaster Will Be Mrs. McClaughry's Agent.

Will Resign Federal Position for \$10,000 a Year Place.

SAN FRANCISCO, Oct. 7.—Arthur G.

announced his intention of resigning to take up the management of the interests of Anita Baldwin McClaughry, heiress of the late Lucky Baldwin, as Postmaster of San Francisco. Fisk received an annual compensation of \$6000. As manager of the McClaughry share of the \$20,000,000 Baldwin estate he will receive an annual salary of at least \$10,000.

"I will send in my resignation to Washington within a few days," said Fisk.

Fisk had refused to resign when requested to do so by Postmaster-General Burleson last July. Fisk informed his chief by telegram that his term of office did not expire until June 14, 1916, and that he could not be removed until that time unless charges were preferred and proved against him. Up to date no action in the matter had been taken by the President.

Hull McClaughry, divorced husband of Anita McClaughry, was formerly Fisk's assistant, and the postmaster has been an intimate friend of both for many years.

Mrs. McClaughry's half of the estate, which was valued at \$10,000,000 and includes large holdings and interests in Southern California. It is of such a nature that its conservation and continued growth in value requires trained business management.

WILL MOVE SOUTH.

Fisk will move to Los Angeles and open his headquarters close to the major part of the realty holdings represented in the estate. Mrs. McClaughry received an interdictory decree of divorce from her husband, Hull McClaughry, in Oakland last July. The suit was uncontested and McClaughry received a cash settlement of \$250,000 with partial custody of the two children.

The other half to the estate is Mrs. McClaughry's sister, Mrs. Clara Baldwin Stocker, but Fisk will have nothing to do with her share, his management including only the holdings of Mrs. McClaughry.

WHAT FISK SAYS.

Postmaster Fisk issued the following statement this afternoon:

"Up to the time that my resignation was demanded by the postmaster general, it was my intention to serve my term as postmaster and at the end of that time surrender the office to my successor. It became apparent, however, that I could no longer continue an efficient service in view of the attitude of the postoffice department and that to attempt to continue until the end of my term would result in a demoralized office and an unproductive administration. I have been postmaster for ten years and from a small office of the San Francisco postoffice has been increased to a large office, comprising 11 buildings, good and efficient service. I have always tried to give the people of San Francisco the best service possible."

New Contestant Enters List Festival Plans Are Ready

MISS ANGELINA CARDANO—Bushnell photo.

MISS ANGELINA CARDANO—Bushnell photo.

Miss Angelina Cardano, a beautiful girl living at 2329 Taylor terrace, is the latest to enter the big queen contest to choose a ruler for Columbus Day. She will have the support of all the Italian societies about the bay and is expected to poll a very large vote. Miss Maud Stromer still leads the contest with a handsome lead. Miss Thomas and Miss Emma Rupert are developing much strength and the result promises to remain in doubt until the votes are counted Wednesday evening. Successful candidates will impersonate Queen Isabella at the big festa and will receive Columbus and his men on their return from Spain. The contest closes with the election of the queen.

The parade for the big pageant and attendant features are being completed. The voyage of Columbus in the three historic galleons, the Santa Maria, the Nina and the Pinta, will be given. The Indians, encountered by Columbus when he landed at San Salvador, will be impersonated by members of Battery B, National Guard of California, and the Sambo club, a well known social organization. The regatta will contain many championship events and will be the best yet given on this holiday.

The speakers at the literary program to be given at Lakeside park will include Professor Henry M. Stephens, head of the department of history of the University of California, Colonel John P. Irish, former State Senator John W. Stetson, and Mr. Martino, who will deliver the oration in Italian.

C. Cereghino will impersonate Columbus.

California Land Show Exhibitors Determined to Make Housewives Converts.

If the California housewife does not become a convert to the "California products only" doctrine after visiting the California Land Show and Home Industry Exhibition, which opens next Saturday at Eighth and Market streets, it will not be the fault of the farmers and manufacturers of the state, but of the housewife.

All kinds will be on display, ranging from the necessities of life to the luxuries of the home. The exhibit is the result of the progress of the show.

Fresno country, which is one of the large show holders at the show, will have as part of its exhibit a raisin seed and packer, a wonderful machine which removes the seeds and packs in cartons without the touch of human hands. This machine will be in operation during the entire fifteen days, and the cartons will be the state's raisin products.

There is no limit to the quantity of raisins to be given and a carload has been arranged for as a start.

W. W. Phillips, president of the Chamber of Commerce of Fresno, declares that the exhibit of that county is the most extensive ever arranged in any county, and he expects to capture all premiums and medals in the classes in which he enters. Secretary Robertson arrived yesterday at the grounds and the exhibit will be built in a few days; a score of carpenters and decorators having been engaged.

"Placer peaches"—five carloads, and apples and other fruits and the luscious products of California soil will be liberally distributed among the visitors to the show. Manufacturers of California-made goods will be equally generous with their products, and the exhibition is expected to be the most convincing demonstration of the superiority of California products ever presented.

The interior of the great pavilion at Eighth and Market streets has been converted into a forest of redwood trees and hundreds of workmen are busily preparing for the opening next Saturday. The doors will be opened in the afternoon, but the formal opening, in which Governor Johnson and Mayor Rolph will participate, will be in the evening.

STEAMER MISHAP TO BE INVESTIGATED

SEATTLE, Oct. 7.—Preliminary testimony concerning the mishap which befell the steamship Spokane Friday off Vancouver island was taken yesterday morning by Steamboat Inspectors Thomas Deering and R. A. Lehnars. The proceedings before the examining board were secret and were conducted by the inspectors in conjunction with J. K. Bulger, supervising inspector for the Pacific Coast, who was in the city. While the navigating officers were held blameless it was said unofficially that some members of the crew had not obeyed orders.

Those who gave testimony at the inquiry today included Charles H. White, master of the vessel; John R. Burns, chief officer; J. Clement du Melt, chief engineer; William McGilvray, engineer, and Jeremiah Flynn, master of the freighter Latouche.

The sailing of the steamship Spokane has been postponed until next Thursday night because of the accident of last Friday. Gales began discharging the 16,000 cases of salmon the Spokane carried this morning.

HEATS PISTOL TO EJECT CARTRIDGE; HOSPITAL

SAN FRANCISCO, Oct. 7.—William McKay, a printer, is liable to lose his life as the result of his own attempt to eject a cartridge from a .22 caliber revolver, at his home, 366 1/2 Nineteenth street, this morning.

McKay had tried every means to eject the shot from the cylinder, and finally hit upon the scheme of heating the pistol. When the barrel became nearly red hot the powder caught, the bullet was ejected and McKay fell with an ugly wound in the abdomen. He was removed to the Central Emergency hospital and his condition is serious.

UNKNOWN SLAYER LURED ART STUDENT TO DEATH

CHICAGO, Oct. 7.—Miss Ida G. Leagon, art student, whose body was found on the prairie west of here, was lured there and strangled to death by some man who telephoned to her in response to her advertisement for a place as a nurse.

After giving up her position as a school teacher in Mason City, Ia., September 29th, Miss Leagon came to Chicago and engaged a room with Mrs. James P. Burnett, saying she was going to try to earn more money to continue her art studies. Saturday she placed an advertisement in a paper asking for a place as a trained nurse. Saturday afternoon a telephone call came from a "Mr. Wilson," who, when told Miss Leagon was out, inquired closely after her personal appearance. An hour later

she was lured to a point on the West Side to care for her. She left to answer the call and was not heard from again by her friends. The street address given by "Mr. Wilson" proved to be a vacant lot on the prairie.

Miss Leagon's hand satchel was found today a block from where the body was found. It had been slashed with a pair of scissors and its contents, a pair of stockings and a piece of soap, removed.

California Land Show Exhibitors Determined to Make Housewives Converts.

If the California housewife does not become a convert to the "California products only" doctrine after visiting the California Land Show and Home Industry Exhibition, which opens next Saturday at Eighth and Market streets, it will not be the fault of the farmers and manufacturers of the state, but of the housewife.

All kinds will be on display, ranging from the necessities of life to the luxuries of the home. The exhibit is the result of the progress of the show.

Fresno country, which is one of the large show holders at the show, will have as part of its exhibit a raisin seed and packer, a wonderful machine which removes the seeds and packs in cartons without the touch of human hands. This machine will be in operation during the entire fifteen days, and the cartons will be the state's raisin products.

There is no limit to the quantity of raisins to be given and a carload has been arranged for as a start.

Gay Times Promised for All Who Attend

Miss Angelina Cardano, a beautiful girl living at 2329 Taylor terrace, is the latest to enter the big queen contest to choose a ruler for Columbus Day. She will have the support of all the Italian societies about the bay and is expected to poll a very large vote. Miss Maud Stromer still leads the contest with a handsome lead. Miss Thomas and Miss Emma Rupert are developing much strength and the result promises to remain in doubt until the votes are counted Wednesday evening. Successful candidates will impersonate Queen Isabella at the big festa and will receive Columbus and his men on their return from Spain. The contest closes with the election of the queen.

The parade for the big pageant and attendant features are being completed. The voyage of Columbus in the three historic galleons, the Santa Maria, the Nina and the Pinta, will be given. The Indians, encountered by Columbus when he landed at San Salvador, will be impersonated by members of Battery B, National Guard of California, and the Sambo club, a well known social organization. The regatta will contain many championship events and will be the best yet given on this holiday.

The speakers at the literary program to be given at Lakeside park will include Professor Henry M. Stephens, head of the department of history of the University of California, Colonel John P. Irish, former State Senator John W. Stetson, and Mr. Martino, who will deliver the oration in Italian.

C. Cereghino will impersonate Columbus.

SEEK 'WILSON' IN MURDER CASE

Police Believe He Strangled Art Student Near City of Chicago.

Tonneau of Automobile Indicates Fierce Struggle Before Death.

CHICAGO, Oct. 7.—With the finding of an abandoned automobile in

their energies in the search for mysterious "Wilson," whose telephone promise of a position drew Miss Ida G. Leegson, an art student, to the prairie near Clearing, where she was strangled early Sunday after a terrific struggle.

The automobile was stolen before 3 o'clock Saturday afternoon from Jackson Park. It was shortly before this hour that "Wilson" telephoned the residence where Miss Leegson

The tonneau of the automobile found in Folsom Park indicated there had been a violent struggle. Among other articles in it was a piece of shirtwaist. Coroner's Physician Jacob Springer is of the opinion that Miss Leegson was tortured by the man from 6 o'clock Saturday night until 4 or 5 o'clock Sunday morning.

LOOKING FOR NEGRO.

Acting on information given by a man who saw Miss Ida Leegson walking near in West Seventy-first street at 6 o'clock last Saturday evening accompanied by a negro, instructions were given the police today as follows:

Arrest for murder and robbery a copper-colored negro, 5 feet 11 inches tall, weighing between 130 and 190 pounds. Well dressed, square shouldered, erect carriage. Wore black soft hat and gray coat.

'KIDDIES' TO HAVE FREE RODEO SHOW

Cowboy land will be laid wide open to the school children of the bay cities tomorrow afternoon, when Rodeo Boss Frank J. Griffin will admit all the "kiddies" to his wonderful Rodeo show now in progress. Griffin thinks that the extinction of the cowboy is now a matter of time and has decided to give the city children an opportunity of seeing the way a cowboy has his sport and his work. To that end he has invited all the school children to be the guests of the Rodeo tomorrow afternoon.

The Rodeo has amazed about 14,000 persons during its three days' stay, and will remain until October 12, finishing on the day.

Ray Raymond entered them on his riding backwards on a running horse, Ben Dobbin has left them breathless with his great hipodrome work, but Al Spencer gave them still more thrills when he rode a bucking horse backwards. "Happy Jack" Hawn and Yette Hawn were there in force the former working in all the men events "Slim" Holden is another puncher whose marvelous riding has won him rounds of applause. "Sim" has been one of the mainstays of the show since its beginning.

Wendell Hawn, the 11-year-old boy, went into the hipodrome events yesterday and many a heart fluttered when he came tearing down the track, one foot behind the other, on his famous and fast horse. "Rose," the trick mule with the Hawn outfit. Nevis fared as the others have fared. All can ride bucking horses, but "Happy Jack's" mule does not belong to that class. So far no man has ridden the animal and Rodeo Boss Griffin proposes to offer a prize for any man that can stay on "Rose."

HOTEL OAKLAND OYSTER YIELDS PERFECT PEARL

Because he likes his oysters raw, Maitre d'Hotel Oakland Petersen today is \$50 richer. Last night one of his oysters contained a pearl the size of a French pearl. The pearl is pronounced by experts one of the most perfect ever seen. The oysters were imported from the north. Petersen showed his find to Manager Retter, and it is now on exhibition in the hotel. He will have it polished and set in a pin. Had he ordered his oysters cooked the pearl would have been destroyed.

LONG ISLAND LINE IS FOUND RESPONSIBLE

NEW YORK, Oct. 7.—A coroner's jury yesterday found the Long Island Railroad Company responsible for the collision between two trains at College Point, L. I., September 29, in which four persons were killed and nearly fifty injured. The jury exonerated William B. Maise, the signal tower man, which is the finding of the state jury. Maise was discharged from custody.

BE PRETTY! TURN GRAY HAIR DARK

Look young! Nobody can tell if you use Grandmother's simple recipe of Sage Tea and Sulphur.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and luster to the hair when faded, streaked or gray, also ends dandruff, itching scalp and stops falling hair. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays, by asking at any drug store for "Wyeth's Sage and Sulphur Hair Remedy" you will get a large bottle of this famous old recipe for about ten cents.

Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears, and after another application or two your hair becomes beautifully dark, thick and glossy.

EDITORS FORM STATE VISIT OAKLAND

California Press Association Tendered Luncheon by the Chamber of Commerce.

Automobile Ride About the Bay Region Taken Later by Visitors.

More than one hundred editors,

gathered in various ways at noon for their second official visit to the Athens of the Pacific, as the guests of the Oakland Chamber of Commerce, the California Press Association was entertained at a luncheon at the Hotel Oakland and later taken for an automobile ride about the bay region.

The party arrived under the leadership of E. W. Richardson, president of the association, following the bay launch trip which was a feature of the association convention now being held in San Francisco. They were met at the foot of Franklin street by Secretary A. A. Demmon of the Chamber of Commerce, H. C. Capwell and several other directors of the organization and the party at once proceeded to the hotel.

Here luncheon was served on the mezzanine floor.

CAPWELL TOASTMASTER.

H. C. Capwell acted as toastmaster and the speakers included City Attorney Ben F. Woolner and Commissioner H. S. Anderson. The latter made the address of welcome and was answered by President Richardson. This affair was informal in nature. Several impromptu speeches were made, visiting editors being called on. Following the luncheon the editors and their families entered the automobiles and were taken first through other parts of the city.

This year's convention of the press association is one of the most important in the history of the organization. Yesterday in San Francisco the reporters were the guests of the exposition officials, being shown over the grounds.

On their Oakland visit the newspaper men were enthusiastic over the city, the scenery and the growth of the city since last year.

GUESTS AT SAN FRANCISCO.

Yesterday the editors were taken in automobiles to the exposition grounds, where the visitors met Harry D. H. Connick, director of works, who explained the various features of the work and crammed the editors' minds with facts and figures.

The exhibit of models and plans at the exposition building on the exposition grounds proved of much interest to the delegation. Samples of the large jewels that will be used to produce novel and original effects at the exposition were displayed under the play of powerful searchlights such as will be used.

Next a visit was made to Machinery building, the biggest of the exhibit palaces, which is now nearing completion. The work in the sculptural workshops was also seen.

ATTEND BANQUET.

Enthusiasm ran high at a banquet tendered the editors at the St. Francis last night by the directors of the exposition, and the undivided support of the press of California was pledged the 1915 celebration to be held here. Vice-President R. B. Hale presided, the period of after-dinner speaking being preceded with an illustrated exposition.

Friend W. Richardson, president of the editors' organization, was first called upon for a speech. He gave the assurance that the editors felt that in promoting the exposition they were also promoting the state in all of its sections. He remarked that the present assemblage of editors is the largest ever held in California.

Charles E. Jones, president of the Southern California Editors' Association, urged the co-operation of the exposition officials in bringing all sections of California into a worthy participation in the exposition. Peter Milken of Riverside said that his present visit to this city has convinced him that the people of San Francisco were doing things with all their might, and that the pleasant incidents of the gathering would be among his happiest recollections.

Among others who spoke were James A. Barr and Colvin Brown, officials of the exposition company.

CRUISE ON BAY.

SAN FRANCISCO, Oct. 7.—Visiting editors who are members of the California Press Association spent the forenoon today in cruising along the waterfront on one of the state tugs, viewing the exposition site and the work of the state board of harbor commissioners, which has under construction a series of piers.

UNIDENTIFIED MAN KILLED BY TRAIN

Struck by Seventh Street Local at Seventh and Alice Streets.

The morgue officials have been unable to ascertain the identity of an aged man who was killed last night by being struck by an east bound Seventh street electric local at Alice street, when he attempted to pass in front of the train. The man was taken to the receiving hospital but death intervened before he could be given surgical aid. H. N. Weymouth, motor-man of the train, has surrendered himself on a technical charge of manslaughter, but has been released on his own recognizance pending the finding of the coroner's jury.

No marks of identification were found on the man's clothing. He was about 70

weight. In the pockets were 500 shares of mining stock and \$8.70 in cash.

HUMPHRIES TO SEND PRISONERS TO LABOR

SEATTLE, Oct. 7.—Superior Judge John E. Humphries' special prosecutor, H. E. Foster, yesterday prepared an order directing Sheriff Edward Cuddehe to remove thirty-two

male contempt of court prisoners from the county jail to the county stockade, to be employed in removing stumps from logged-off land. The weather has turned cold and rainy and some of the prisoners are advanced in years.

Judge Humphries has all along insisted that the women prisoners would also be sent to hard labor at the stockade, but the order does not mention them, and it is supposed the six married women who were arrested will be kept in jail until they have completed their terms. Most of them will have nearly fifty days to serve, their fines being \$100 each.

FEW MOMENTS! NO INDIGESTION OR SICK STOMACH--PAPE'S DIAPEPSIN

Digests All Food, Absorbs the Gases and Stops Fermentation at Once.

Wonder what upset your stomach— which portion of the food did the damage—do you? Well, don't bother. If your stomach is in a revolt, if sour, gassy and upset, and what you just ate has fermented into stubborn lumps, your head dizzy and aches, belch gases and acids and eructate undigested food, breath foul, tongue coated—just take Pape's Diapepsin, and in five minutes you will wonder what became of the indigestion and distress. Millions of men and women today know that it is needless to have a bad stomach. A little Diapepsin occasionally keeps the stomach regulated and they eat their favorite foods without fear.

If your stomach doesn't take care of your liberal limit without rebellion, if your food is a damage instead of a help, remember the quickest, surest, most harmless relief is Pape's Diapepsin, which costs only fifty cents for a large case at drug stores. It's truly wonderful! It digests food and does things straight, so gently and easily that it is astonishing. Please don't go on and on with a weak, disordered stomach; it's so unnecessary.

Piedras Negras Is Taken by Federals

EAGLE PASS, Tex., Oct. 7.—Federal troops captured the constitutional provisional capital, Piedras Negras, this afternoon without firing a shot. The constitutionalists had abandoned the city.

BARN IS BURNED.

PETALUMA, Oct. 7.—Fifteen horses were cremated in a fire at the ranch of E. C. Boyson, nine miles from this city. The barn in which the animals were stabled was razed. Special cars of apparatus were sent from this city and from Santa Rosa to aid in fighting the flames. The damage is estimated at about \$8000.

CROSS, FEVERISH, SICK CHILDREN
NEED "CALIFORNIA SYRUP OF FIGS"

A Coated Tongue Means Sluggish Liver and Bowels; Listen Mother!

Your child isn't naturally cross and peevish. See if tongue is coated; this is a sure sign its little stomach, liver and bowels need a cleansing at once. When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has sour stomach, diarrhoea, remember a gentle liver and bowel cleansing should always be the first treatment given. Nothing equals "California Syrup of Figs" for children's ills. Give a teaspoonful and in just a few hours all the foul waste, sour bile and fermenting food, clogged in the bowels, passes out of the system and you have a well and playful child again. All children love this harmless fruit laxative and it never fails to effect a good "inside" cleansing. Directions for babies, children of all ages and grown-ups are plainly on each bottle.

Mother, keep it handy in your home. A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a 50-cent bottle of "California Syrup of Figs." Then look and see that it is made by the "California Fig Syrup Company." We make no cheaper size. Don't be fooled.

GLAVIS LIBEL SUIT IS DROPPED FROM RECORDS

STOCKTON, Oct. 7.—Judge Plummer in the Superior Court yesterday dropped from his calendar the libel suit of Louis R. Glavis, former secretary of the California Conservation Commission, against Phil Francis, a newspaper man. Glavis sought \$50,000 damages by reason of a series of articles by Francis in which Glavis was attacked for some of his official acts. The case has been on the calendar for weeks and has been continually continued because of no prosecution. Until such time as the interested persons decide on some course of action on the matter will lie dormant.

ACCEPTS RESIGNATION.
 WASHINGTON, Oct. 7.—Commissioner of Indian Affairs Sells has announced the acceptance of the resignation of assistant commissioner F. H. Abbott to take effect October 11. Abbott resigned several days ago and his successor virtually has been selected although his name has not yet been made public.

DEFENSE CLAIMS JURY SHOULD BE DISCHARGED

NEW WESTMINSTER, B. C., Oct. 7.—Reference having been made in the trial of Charles Dean at the New Westminster assizes for the robbery of the Bank of Montreal, to the prisoner's record as brought out at the extradition proceedings at Los Angeles last year, counsel for the prisoner claimed that such information going before the jury at that stage meant that the trial could not proceed and that the jury ought to be discharged.

MUST OBEY LAW.
 DENVER (Colo.), Oct. 7.—Restaurants and hotels must conform to the midnight and Sunday closing law under an opinion handed down yesterday by the State Supreme Court. The decision holds that restaurants and hotels cannot sell liquor even with meals after midnight or on Sunday.

Weds and Comes to Grief
Was Former Idol of Idora

MISS FAY POSTON, RIGHT, WITH HER CHUM, MISS MARIE ALLEN, WHEN THEY WERE IN OAKLAND LAST JUNE.

Only a few weeks after her marriage pretty Fay Poston, formerly the idol of the Idora Park operators, has come to grief on the matrimonial sea. Her husband, Ralph Sterling Ferris, son of Mrs. Julia Ferris Miller, a wealthy landholder of Rawlins, Wyo., is facing his second manslaughter trial for the killing of 6-year-old Michael Vichor, who was run down by the young bridegroom's automobile. The trial is being held in Los Angeles and the bride is constantly by her husband's side during the proceedings. This is the second trial the young man is facing, the first resulting in a disagreement. The parents of the dead boy first instituted a civil suit, securing a judgment of \$10,000 damages against young Ferris. This has not been paid, the defendant only receiving an allowance from his mother.

FOLLOWERS HEAR VOICE OF DOWIE

Phonograph Records Sold by Former Zion Church Found After Search.

ZION CITY, Ill., Oct. 7.—The voice of John Alexander Dowie, founder of Zion City, who has been dead for several years, again spoke to those of his followers who filled Shiloh temple last night. The voice was preserved in sixty phonograph records which were recorded in the wilds of interior Australia after a long search. The records were sent to Wilbur Glenn Voliva, present overseer of the city, who then was in Melbourne. He left the records there when Dr. Dowie became ill. They were afterwards sold by a former member of the church. The search covered three years.

TWO ORPHANAGES TO BE AIDED BY FAIR

GRASS VALLEY, Oct. 7.—The most elaborate church fair ever attempted here opened last night under the direction of the Catholic societies for the benefit of the two orphanages maintained here. Continuous day and evening performances will be presented in the auditorium until midnight Saturday. The "Orphans' Friend," a sixteen-page daily paper, will be published during the week. Mayor Ingram made an address at the opening and the Grass Valley concert band rendered the Verdi selection which won a \$400 prize at the state fair.

DOCTORS DID NOT HELP HER

But Lydia E. Pinkham's Vegetable Compound Restored Mrs. LeClear's Health—Her Own Statement.

Detroit, Mich. — "I am glad to discover a remedy that relieves me from my suffering and pains. For twenty years I suffered bearing down pains and got all run down. I was under a nervous strain and could not sleep at night. I went to doctors here in the city but they did not do me any good. "Seeing Lydia E. Pinkham's Vegetable Compound advertised, I tried it. My health improved wonderfully and I am now quite well again. No woman suffering from female ills will regret it if she takes this medicine." — Mrs. JAMES G. LECLER, 336 Hunt St., Detroit, Mich.

Another Case.
 Philadelphia, Pa. — "Lydia E. Pinkham's Vegetable Compound is all you claim it to be. About two or three days before my periods I would get bad headaches, then pains in right and left side of the doctor and he said I had organic inflammation. I went to him for a while but did not get well so I took Lydia E. Pinkham's Vegetable Compound. After taking two bottles I was relieved and finally my troubles left me. I married and have two little girls. I have had no return of the old troubles." — Mrs. CHAS. BOELL, 2650 S. Chadwick St., Phila., Pa.

OFFICERS REBEL AT PIE BAKING

Evince No Desire for Rolling-pin Knowledge Despite Instruction Funds.

WASHINGTON, Oct. 7.—Why do officers shy at receiving instructions in baking biscuits and producing pies an acquisition that the war department stands ready to supply? This is the question of militia affairs today is seeking vainly to answer. Although congress has supplied funds for such instruction for years past, militia officers have evinced no desire to take up the rolling pin in the defense of their country. The department maintains army schools for bakers and cooks, in which it is designed to instruct officers in the art of cooking with a view to their teaching the men under their command and in supervising intelligently the cooking of food in the field. The militia officers have balked at the proposal, however, and the department militia officials are in despair. There is no law compelling militia officers to attend such schools. Aside from an ability to knead dough, the military requirements demand that a budding officer's cook "must be of sound health and of good moral character."

RACE UPSETS FOOD TEST; TO TRY AGAIN

LOS ANGELES, Oct. 7.—The question as to which of the two foods, noodles or beans, has the greatest nutritive qualities must remain unanswered for the present, and the Bureau of Navigation, to which a test of the two foods was to have been submitted by Dr. C. H. Lowell, Naval surgeon at the local recruiting station, must wait with what patience it can muster until a later test takes place. Dr. F. Randall, chief yeoman in charge of the local office, and J. E. Shaw, turret captain, who were to make the test during a trip to the summit of Mount Wilson and return, came back to Los Angeles yesterday. They were accompanied by Fred Glen, first hospital apprentice, who went with them to record any changes in their physical condition. When the men had covered six miles of the trail, Shaw, who had chosen California beans as his diet, announced he was ready for his first meal. He was warning his bean supply over an alcohol when two boys, who were racing down the trail, turned a corner suddenly and dashed into Shaw's food supply, scattering it in all directions. The loss of the beans made it unnecessary for Randall to confine himself to noodles and the yeoman, Shaw and Glen, divided among them Glen's elaborate picnic lunch of chicken, sandwiches and pie.

FRAUD IS ALLEGED IN TIMBER LAND DEALS

SALFEM, Or., Oct. 7.—The C. A. Smith Lumber Company, of which the Smith-Powers Logging Company is an affiliated corporation has been called upon by Governor West to defend its title to approximately 10,000 acres of timber lands. The Smith-Powers logging plant, of which W. H. Powers is manager, was prominently connected with the recent industries at Marshfield. The governor sent the following telegram to C. A. Smith at Oakland: "You may have a hearing at this office any day this or next week that you suggest to show cause why this office should not bring suit on the part of the state to set aside, on the ground of fraud, certain state deeds covering a large acreage of timber lands held by you. Please do not send your man Powers for, owing to his recent unwise activities, I will not discuss the matter with him."

REVOLUTIONISTS ARE ADVANCING

Refugees Arriving in Port Say Anti-Federals Are Winning.

SAN FRANCISCO, Oct. 7.—The revolutionists are getting the upper hand again in the State of Sonora and causing the federal government concern, according to passengers who arrived here yesterday from Mexico on the liner San Jose. During the stay of the San Jose at Mazatlan, the water supply of the city was cut off by the constitutionalists, and the rebels were moving toward the city. A few days before 200 federal soldiers, who formed the escort for a party of men sent out to repair telegraph wires cut by the rebels, were ambushed. One hundred of the federalists were reported to have been

to the side of the revolutionists. At Mazatlan great activity was being displayed by the garrison and maneuvers were being conducted at the fort which controls the hills back of the harbor while the San Jose was there. The San Jose brought a number of Americans, who, although declaring that they are not "refugees," have been practically forced to leave their positions because of the increasing state of disquietude. Many large consignment stores have closed their doors because of the general demoralized situation, have discharged numbers of their employees. These, it is said, form the bulk of the American refugees who will be brought to the States by the transport Buford, dispatched to the west coast for that purpose. The Buford was at Mazatlan the same day as the San Jose and was preparing to leave for upper gulf ports. It was reported that she had 200 refugees on board and expected to pick up a lot more.

Among those arriving on the San Jose was H. H. Fields, a mining man, wife and baby girl, whose home is in Alameda. Fields has been employed at the San Vicente mine, located about 150 miles from Mazatlan. The family had to ride for eight days on muleback from the interior to the coast. Despite the hardships, Baby Fields announced in Spanish that she never felt better in her life. Although the youngest is but 2 years old, she speaks nothing but the Spanish language. Her parents desire her to get a foundation in the Spanish language before teaching her English, "which she will pick up fast enough," the mother declared.

COMPENSATION SYSTEM IS THEME

Will J. French of the Industrial Accident Board, Addresses Carpenters and Joiners.

Boynston Workmen's Law Described in Detail and Co-operation Asked.

Will J. French, a member of the Industrial Accident Board of the State of California, addressed the Carpenters and Joiners of America in the Odd Fellows hall, last Saturday evening.

His subject was the "Boynston Workmen's Compensation, Insurance and Safety Law," which will supersede the existing law on January 1, 1914. The speaker referred to the world-wide abolition of the liability system of treating injured men, and the substitution thereof of compensation, based on the principle that the industries should contribute to the support of the injured and the dependents of those killed. Over a dozen states have made a move in this direction, although California is the first state to enact a compulsory law for all employers excepting those engaged in agriculture and kindred pursuits.

Mr. French quoted figures issued by the National Council for Industrial Safety showing that 2,325,000 men and women are killed or injured each year. This represents an economic loss of stupendous proportions, and from a humanitarian point of view it rivets public attention on the heavy toll exacted in the course of business.

DESCRIPTIVE WAY OF COMPUTING.

The speaker described the new way of computing compensation, based on the nature of the physical injury or disfigurement, the occupation of the employee and his age at the time of such injury. In addition there is provision for pensions, as a reduced rate for those who are permanently and seriously hurt, and who are unable to follow their vocations. In order to meet this extra cost, while affects very few men, the compensation payments will not begin until two weeks after disability. The present law provides for a waiting period of one week. It is believed the addition of the extra week will pay for the cost of the insurance fund.

The speaker also pointed out that the industrial fund is a state compensation insurance fund, second, the regular insurance companies selling compensation coverage; third, mutual companies of not less than 100 employers with an aggregate pay roll of \$500,000 a year; fourth, the employer to carry the risk himself. These methods are optional for employers. The object of the state compensation insurance fund is to sell coverage at a fair rate that will make sure that the injured men and women receive all that the law calls for, and will also have the advantage of reasonable cost to employers.

California's experiences were related by Mr. French, who stated that nearly 800 deaths and more than 25,000 injuries had been reported to the Industrial Accident Board during its two years of operation. In closing, an appeal was made for co-operation so that the board's work might have a unanimous public sentiment in the very important factors of lessening the death and injured lists, of paying in an equitable way for the unavoidable accidents, and of providing employers with insurance based on as reasonable a cost as possible.

PENNSYLVANIANS TO MEET FRIDAY

Musical and Literary Program Will Be Given at Gathering.

The Pennsylvania Society of Alameda county will hold its regular monthly meeting on Friday evening, October 10, in Blake hall on the second floor of the Havens building, 523 Twenty-first street.

The entertainment will consist of a short musical and literary program composed of the best talent, after which there will be dancing and cards.

All Pennsylvanians are welcome and invited to bring their friends. No admission fee will be charged.

The society has grown rapidly since its birth less than a year ago, and it is the hope and the aim of the society to enroll all from the "home state" as fast as they come to Oakland.

BROKEN HEARTS MENDED

By LAURA JEAN LIBBEY

(Copyright, 1913, By Laura Jean Libbey.)

THINKS anything which distinguishes the average young man who is enamored of a girl is to find it almost an impossibility to enjoy her society without having a third person about. If he invites her out for a walk evenings after dark, he must have a companion. If he takes her to a party, he must have a companion. If he takes her to a party, he must have a companion.

It is not advisable for a man of 50 to marry a girl of 21. Such marriages rarely turn out happily. The difference in their outlooks on life make it almost impossible for congeniality. A man of 50 cannot expect a girl of 21 to settle down as he is prepared at that age to do.

HAS BEEN MARRIED TWICE. "Dear Miss Libbey: I am a man of 50 and am independent. I have been married twice. My first wife died soon after our marriage and my second one is divorced. I am in love with a girl of 21 and she returns my affection. Do you think it advisable to marry one so young?"

TO OVERCOME BASHFULNESS. "Dear Miss Libbey: Would you please answer the following questions for me? (1) How can I overcome bashfulness? (2) What is meant by the 'laws of etiquette'? (3) Give some salutations for both engaged and unengaged people to use in letters. (4) Is it proper for young people to be held hands and to walk arm-in-arm?"

COULD NURSE ACT AS CHAPERON? "Dear Miss Libbey: I am a young girl of 19 and have been seriously ill for several months. During my illness several young men, very good friends of mine, have inquired about me and sent gifts of flowers and books. I am now able to sit up in bed and the doctor has given permission for me to see friends. I am so lonely I would like to have a friend. Would it be proper if I allowed these men to call some afternoon with the nurse as chaperon? I think that it would help me to recover my usual good spirits and health, because I would once more become interested in the lives of my old friends."

HAD A MISUNDERSTANDING. "Dear Miss Libbey: I am 20 and about two years ago I was keeping company with a young man. After that we had a misunderstanding through a fault of mine and have not spoken to each other since. Now I would like to regain his friendship. I speak to him when I meet him on the street, and in what way should I express myself?"

HE WILL FOLLOW HER. "Dear Miss Libbey: A few weeks ago I met a young man who fell in love with me at first sight. He is in a dead earnest and very anxious to marry. He is 29 and a foreigner. He is anxious to win my affection, but I feel I cannot love him. I have walked out with him a few times."

Mother's Friend in Every Home

Comfort and Safety Assured Before the Arrival of the Storm.

In thousands of American homes there is a bottle of Mother's Friend that has aided many a woman through the trying ordeal, saved her from suffering and pain, kept her in health in advance of baby's coming, and had a wonderful influence in developing a lovely disposition in the child.

There is no other remedy so truly a help to nature. It relieves the pain and discomfort caused by the strain on the ligaments, makes pliant those fibres and muscles which

Great Star Appears Tonight Romance With Her Coming

GERALDINE FARRAR, WHO HAS WON HER WAY TO FAME WITH CHARM OF MUSIC AND MANNER.

Geraldine Farrar, famed opera star, to appear tonight at the Macdonough theater in concert, will, while here, meet the cousin of the man she was once reported engaged to when Giuseppe Scotti, cousin of Antonio Scotti, the noted baritone, will call to pay his respects to the famed singer. Scotti is a contractor of Alvarado and is himself well known as a musician. When the reported engage-

"ALICE IN WONDERLAND" ST. MARK'S CLUB PLAN

BERKELEY, Oct. 7.—With two entire floors of the parish house of St. Mark's devoted to the purpose, "Alice in Wonderland" will be produced there tomorrow evening by the St. Mark's Club. The guests are promised a most exciting and interesting time in pursuit of similar adventures to those of Carroll's heroine.

During the season, the club has been planning to slide down the "Rabbit Hole" into the "Magic Garden." They will visit next the "Pool of Tears" and see the "Caucus Race," thereafter experiencing views first of the "Cheshire Cat" and the "Blue Caterpillar."

An interesting musical and specialty program is also planned in which the university mandolin quintet, Bliss, Jackson, L. R. Newfield, H. W. Dunn and others will participate. A group of women students will present living pictures.

ALAMEDA CHURCH HAS NEW PASTOR

Rev. Frank K. Baker Assumes Pastorate of First Methodist Congregation.

ALAMEDA, Oct. 7.—Rev. Frank K. Baker, who has been appointed to the pastorate of the First Methodist church of this city, has established himself here and is already in the midst of his new work. Rev. Baker is a graduate of the Juniata College of Pennsylvania and the Boston Theological School. He was for the six years last preceding his present assignment stationed at Sacramento. The new pastor was chaplain of the assembly during the past two sessions of the state legislature, and his work for the publication of his prayers in book form for distribution to the lawmakers. During his college days the Methodist divine was noted as a lecturer. His appointment to the Alameda church was made at the last conference in Pacific Grove. Rev. Baker succeeds Rev. H. E. Beeks, who has been assigned to field work in San Jose. The new pastor preached his first sermon last Sunday, taking for his text "Great Opportunities and Great Advantages."

Following the morning services an informal reception was held in the church parlors.

POLICE NEWS OF THE ISLAND CITY

ALAMEDA, Oct. 7.—On a charge of having disturbed the peace of W. J. Masser, a neighbor, Albert Kersting of 1705 Grand street was taken into custody by Police Sergeant Edward Hadley and Detective George H. Brown last night. This morning Kersting explained that he was on his way to town when he got into the trouble. He had no way of getting out of town, and he was taken to the police station by Police Judge R. B. Tappan with a reprimand.

Complaint that a crowd of young men were making vulgar remarks to girls at a skating rink at Park street and Ed-ward avenue, was made by the proprietor of the rink last night. The girls reported the offense to the manager, who instructed the men to leave. On their refusal to do so he telephoned the police, whereupon the offenders made off with alacrity.

Lawrence Squier, an Oakland chauffeur, who resides at the St. Paul hotel, and who was arrested for not having a light on his automobile, convinced the court this morning that he was innocent and that only one had become excited and another at the time of his tussling. He said that in the "daylight" that he afforded by the lighting system in this city, he had no way of knowing his other headlights was out. He was released upon this showing.

Policeman Charles Kears reported a collision by an automobile driven by an unknown owner, with a Chevrolet in Vermales avenue. The automobile made away without its identity having been ascertained. The electrodes were badly damaged.

EARLY MORNING FIRE

ous origin broke out this morning on the rear porch of the home of F. W. Nor-wood at 1114 Chestnut street. The fire was discovered by members of the family beneath the washbasin, and an alarm was turned in from Box 35 at 8:30 o'clock. The damage was nominal, being almost altogether caused by smoke and the tearing out of the tub by the firemen. The residence is owned by Mrs. C. F. Norwood.

BIG INCREASE IN POSTAL BUSINESS

Reports of Postmaster C. S. Merrill Display Big Advance.

BERKELEY, Oct. 7.—Postmaster Merrill has just completed and forwarded his quarterly report to Washington, which indicates, probably more than any other obtainable data, the remarkable growth and development of the city of Berkeley.

Receipts for the three months, ending Sept. 30, 1913, \$34,776.99 The receipts for corresponding period ending Sept. 30, 1912, were \$30,474.38

Showing a net increase for the current three months of \$4,302.61 Over the corresponding three months of 1912, the increase was \$4,302.61

The receipts for the single month of September, 1913, were \$11,379.49 As compared with September, 1912, were \$9,466.93

Showing an increase for September of this year of \$1,912.56 The receipts for the year ending Sept. 30, 1913, were \$141,680.77 Receipts for the year ending Sept. 30, 1912, were \$127,104.01

Making an increase for the year 1913 of \$14,576.76 The steady increase in postal receipts for the past six years are shown as follows:

Year ending Sept. 30, 1903 \$9,852.22 Year ending Sept. 30, 1904 \$10,315.03 Year ending Sept. 30, 1905 \$10,939.55 Year ending Sept. 30, 1906 \$11,848.84 Year ending Sept. 30, 1907 \$12,104.01 Year ending Sept. 30, 1908 \$14,680.77

WILL ADVISE AGAINST HALF PAYMENT FOR WORK

ALAMEDA, Oct. 7.—City Attorney Samuel Poorman Jr. will this evening advise the city council that a partial payment for the repairs of the auto fire engine cannot be made. City Auditor J. C. Roll announced yesterday that he would not endorse such a claim, the contract calling for the entire payment of the repair bill at one time. The city attorney will advise him in this connection.

Last Friday evening at the meeting of the committee on the proposed new bridge and fire commissioners at 11 a. m. and E. B. Bevan recommended that Kahn of the Alameda bridge, who is repairing the auto, be given a partial payment of \$1,000 for the repairs. The council agreed at the time that if a test to be held Sunday was satisfactory the claim would be paid. This test was satisfactory, but it is likely that the council will not pass the claim this evening as the result of the opinion of City Attorney Poorman and City Auditor Roll.

ALAMEDA PERSONALS

ALAMEDA, Oct. 7.—Mrs. Samuel Gold-berg was hostess for a party of Alameda and Oakland friends at the Hotel Oakland when she entertained Mrs. Jack Ross, Mrs. Harry T. Seagrave and Mrs. Irving Patterson at a luncheon. The card party for the children's hospital, Mr. and Mrs. Theodore Levecker are now residing at their new home, at 839 Laurel street following the conclusion of their honeymoon. The trip spent at many of the resorts of the state. Mrs. Levecker before her marriage was Miss Dorothy Kuchel. Mrs. Levecker plans a winter season of much gaiety and she will entertain on a large scale during the coming six months.

Miss Della Darton, who has been traveling with her father, George W. Darton of an eastern "mercantile" company, will spend a few months in Alameda. Miss Darton is a graduate of the local high school and prior to her departure a year ago was in charge of the city's social functions.

Edward Seagrave, who for the past two months has been on a business tour through the United States and Canada, has returned to this city. Mrs. Frank Kersting, Mrs. Charles H. Holbrook and Mrs. Stewart McNab are the other members of the committee.

Mrs. L. Hynes, Mrs. Harry Silver and Mrs. E. W. Treadwell are among the ladies who will have charge of the various booths at the society capital to be given at the Grand Hotel house Saturday afternoon and evening.

Superintendent of Streets and Mrs. V. W. Fredeen have returned from a tour spent for the most part in and about Peru. Other short trips were taken to California as the headquarters of the couple.

HOW TO SAVE YOUR EYES

Try This Free Prescription

Do your eyes give you trouble? Do you already wear eyeglasses or spectacles? Thousands of people wear these "windows" who might easily dispense with them. You may be one of these and it is your duty to save your eyes before it is too late. The eyes are neglected more than any other organ of the entire body. After you finish your day's work you sit down and rest your muscles, but how about your eyes? Do you rest them? You know you do not, as you rest or do something else that keeps your eyes busy. That is why so many have strained eyes and finally other eye troubles that threaten partial or total blindness. Eyeglasses are merely crutches; they never cure. This free prescription which has benefited the eyes of so many may work equal wonders for you. Use it a short time. Would you like your eye troubles to disappear as if by magic? Try this prescription: Go to the nearest wide-awake drug store and get a bottle of Optima tablets; fill a two-ounce bottle with water, drop in one tablet and allow to thoroughly dissolve with the liquid; bathe the eyes two to four times daily. Just note how quickly your eyes clear up and how soon the information will be sent to you.

be afraid to use it; it is absolutely harmless. Many who are now blind might have saved their eyes had they started to care for them in time. This is a simple treatment but marvellously effective in multitudes of cases. Now that you have been warned don't delay a day, but do what you can to save your eyes and you will thank us as long as you live for publishing this prescription.

RICH COSTUMING FOR 'THE VIKINGS'

English Club's Expenditures Lavish for Its Ibsen Production.

UNIVERSITY OF CALIFORNIA, Oct. 7.—The English Club's production at the Hearst Greek Theater Saturday night of Ibsen's "The Vikings at Helgeland" will be one of the most elaborate with regard to costume of any of the club's efforts so far. In the costumes for one scene alone the club has expended over \$1,000.

Believes the expenditures will be amply repaid. Much interest attaches in the coming production to the work of Miss Helen Walters in the role of Daggy. This is to be Miss Walters' first appearance in college dramatics of a part of so much importance. Those who have watched her in rehearsal are ample in their praise. Another "first appearance" will be that of Master Royce Wilson, the eight-year-old cousin of W. Gladstone Wilson, who has one of the leading roles. The lad has been in the club for several years and in his rehearsal of the part of Earl, the son of Helgeland and Gunnar, seven-year-olds have been asked to wear the retainers of the male principals. Among these are the following:

J. M. Stephenson, 14, O. R. Emerson, 15, A. W. Jones, 16, J. R. Callier, 16, G. M. Edwards, 16, J. L. Moore, 16, E. M. Spurrer, 16, G. W. Roeder, 17, P. J. Patton, 17, W. M. Moore, 17, A. McLaren, 17, H. C. Collins, 17, E. W. Andrews, 17, B. H. Osborn, 17.

EXPOSITION AND THE CANAL HIS SUBJECTS

BERKELEY, Oct. 7.—A lecture on the Panama Canal and Panama-Pacific International Exposition, illustrated by colored slides and moving pictures, will be given by Louis Leroy, one of local publicity of the exposition Friday evening October 10, under the auspices of Berkeley Lodge 1021, O. E. K. K. The lecture will be given at the Berkeley Y. M. C. A. building. The lecture will be illustrated with colored slides of the buildings and courts of the exposition and also with moving pictures taken on the site, showing the construction of the buildings and other progress; also of the site dedication ceremonies by foreign nations and state representatives.

PIONEER WOMAN IS SUMMONED BY DEATH

BERKELEY, Oct. 7.—At the age of 80 years Mrs. Emma Street, townswoman of Charles T. Townsend, a pioneer of this city, died late Sunday night at the residence of her niece, Mrs. Byron E. Underwood of 2041 Francisco street. Mrs. Street had been for several years in poor health and had made her home with Mrs. Underwood. The latter returned this afternoon from Pasadena, funeral arrangements awaiting her arrival for completion.

FUNERAL OF COMMODORE

BERKELEY, Oct. 7.—The funeral of Commodore C. F. Perkins, U. S. N., retired, former commander of Yerba Buena training station, will be held at 3 o'clock tomorrow afternoon from a local undertaking chapel with full naval honors. Interment is to be by cremation. Commodore Perkins died of heart disease night before last at the Santa Fe station when about to take a train for the Grand Canyon.

TAKING TOLL OF BABIES

Each season of the year takes its toll of the babies, and to watch and safeguard them from common colds and coughs is a matter of importance to their parents. To keep Foley's Honey and Tar Compound in the house and use it promptly is to save the little ones from the serious effects of these colds, to ward off croup, bronchitis, coughs, hoarseness, croupy wheezy coughs and other ailments.

It is absolutely free of opiates and may be given to the little ones with no fear of harmful results. Refuse substitutes. Drug Department, Kahn's.

REBATE OF LIGHT MONEY THURSDAY

Alameda Property Owners Will Be Given Back a Small Amount.

ALAMEDA, Oct. 7.—A single warrant payable to City Assessor F. J. Croll and covering the excess of electricity assessments in Districts 4 and 5, will be drawn at the regular meeting of the city council tonight, and will be parceled out by the assessor tomorrow.

About ten people in all have entered protests against the payment of the rebate. The rebate of the electricity assessments is being decided upon as being the most economical.

In all the other districts from one to eight there will be for the present no rebate, protests having been made by some of the property owners in these districts. City Attorney Samuel Poorman Jr. is at work devising some way by which the property owners in the latter districts may also be paid, but has not decided that until a judgment is handed down by the United States district court it will be wise for the city to make any rebate for the districts.

MAYOR FRANK OTIS OF ALAMEDA IS DIRECTOR

ALAMEDA, Oct. 7.—Mayor Frank Otis has accepted an appointment as a director of the California Social Hygiene Society. The society has offices in the Customs house in San Francisco. The mayor declares that according to plans of the society, much good may be done through its efforts. A campaign of social and hygienic education among children and adults in order that cancers may be averted, is one of the principal ends of the organization.

WILL GIVE OPINION

ALAMEDA, Oct. 7.—An opinion on the proposed calling of a charter election in this city will be given the city council at its regular meeting tonight by City Attorney Samuel Poorman Jr. He has investigated the points at issue and will talk informally upon them. The chief issues are as to whether the city will use its control of public utilities if a new charter is passed and as to whether the present charter could be amended as a whole or would have to be voted upon sectionally. The council will also decide upon the application of E. C. Mills for a saloon license at that station.

The establishment of an assessment district to widen Santa Clara avenue at Webster street will be another matter before the council.

BERKELEY RABBIT WINS BY A HAIR

City Council Decides Not to Pass Proposed Ordinance Eliminating Bunnies.

BERKELEY, Oct. 7.—Long-eared jack rabbits, fluffy little bunnies and screech Belgians were enabled to have a sigh of relief at 10:48 a. m. today when the city council decided finally against passage of the proposed rabbit ordinance preventing the keeping of rabbits within a long distance of the city.

The council, after a long session, decided to consider the ordinance with expiration of the "rabbit farm" in mind. A number of protestants appeared before the council this morning, citing the facts that rabbit flesh was going a long way toward reducing the high cost of living and that many a youthful heart would be saddened if its pet bunny were banished. The two considerations weighed heavily with the council. Commissioner John A. Wilson especially opposing the ordinance.

Headed by George Gelder, a party of protesters, including the city clerk, McCree and Hearst avenues, appeared to protest against the ordinance at that time. The protesters were met by a number of the city council members.

The matter was referred to committee of the whole. An ordinance creating the offices of fire marshal and deputy fire marshal was finally adopted. An ordinance regulating the manufacture and storage of oil was adopted. The reports of several officers for the month were read, the chief incomes being \$1147 from the license collector, \$125.50 from the building inspector, \$188.50 from the justice of the peace and \$415.75 in tax redemptions from the tax collector.

MAIL MESSENGER DIES

BERKELEY, Oct. 7.—Charles E. Lothrop, United States mail messenger in San Francisco, died this morning at his residence 2533 Dwight Way, at the age of 47. He is survived by a widow, Mrs. Margaret Lothrop, and a daughter, Esther. A sister, Mrs. Anna Fernand, resides in Los Angeles. He was a native of Kentucky and had lived in Berkeley for three years. He was a member of the Woodman lodge and the Union of Mail Clerks. Funeral services will be held at the late residence Thursday morning with interment at Cypress Lawn cemetery.

ARCHITECT AND DIRECTOR IN CLASH

Boyle Wants School Savings for His District; Is Refused.

Donovan's Plans Are Object of Opposition; Board Is Neutral.

At a stormy session of the Board of Education, held last night behind closed doors, the dispute between Director Harry Boyle of the board and City Architect J. J. Donovan was again aired, when the plan for beautifying the school grounds of the city was vigorously attacked by Boyle, and finally indefinitely laid over.

Some time ago Donovan reported that through careful administration the city architect's office would, when the new schools erected under the bond issue were completed, be able to show a surplus of approximately \$50,000. This, Donovan urged, should be spent in beautifying the school grounds. Boyle at the time objected, demanding that it be turned over to the Lookwood school. Boyle, who lives in the annexed district, has for some time attempted to gain extra funds for his school, as the appropriation allowed his district has been used. Donovan's contention is that as the saving is a general one, it should benefit all of the schools and not one section. Boyle declares that he desires it spent in his district.

UNFAIRNESS ALLEGED.
"We cannot spend all this money in your district," said Donovan last night; "that wouldn't be fair to the rest of the city."

"Well, it would be better than to fix grounds with it," answered Boyle.

Last night, in the executive session, Donovan again made the recommendation, and declared that he was prepared to let the board decide.

"Let's understand this," shouted Boyle. "How much do you propose to charge for these plans?"

"The usual architect's fee of 8 per cent, of course," reported Donovan.

"That's the law. It will take much labor to make these plans, and I am sure no one here could dispute it."

"Well," said Boyle, "I object right here. When we hired C. L. Taylor, at Mr. Donovan's request, as building and grounds superintendent, Mr. Donovan

STAR HAS SUPERSTITION GETS ROOM 7 ON FLOOR 7

MISS JEAN TEMPLE.

Because Miss Jean Temple, a student at the University of California, has a superstition, she is to be the first to occupy a room on the seventh floor of the Hotel Oakland, now being completed. Today one room was put into commission, a special telephone installed, and the place made habitable. All because the star of "The Love" always insists on occupying the seventh room of the seventh floor in any hotel in which she stays.

"I'm a star of luck myself," she informed Manager Victor Reiter, when he said he was competent to do landscape gardening and arrange grounds. Is he? If so, why should we pay Mr. Donovan for it?"

Donovan declared that Taylor was competent.

LET TAYLOR DO IT.
"Then, if we have to do this—and I don't think we should, anyway," said Taylor to Boyle. "The matter was finally laid over."

Donovan in urging that a school engineer be appointed to inspect school heating systems, again ran afoul of Boyle's economy plans. "Again we have Mr. Taylor for this work," said Boyle.

"Mr. Taylor can't be expected to make personal visits and inspections of these systems," said Donovan.

"What do you mean, can't make visits?" asked Boyle. "That's what we hired him for. You yourself said he was competent to do this work."

This matter also was dropped.

COMPETITION FOR JANITORS.
School janitors will hereafter be chosen by competitive examination, under the direction of the Civil Service Board. This was decided last night when the board, following a long campaign by Dr. Kelly, the chairman, and several other members, adopted resolutions requesting the city board to take over the work. It will not affect janitors now employed.

"Does this ruling imply criticism on the janitors I have employed?" asked Inspector Taylor, who has charge of the work.

"No," said Dr. Kelly. "It does not. We have had this plan under consideration for some time."

"Well," said Taylor, "I heartily agree with it. I am glad to be relieved of the responsibility, and also believe that system is the great thing in this work."

NO TABLE CLOTHS FOR TEACHERS.
Teachers will have, in future, to eat their lunches in Oakland schools without table cloths, or bring their own. The board last night decided to stop furnishing cloths for teachers' lunch rooms. Bolder towels were also abolished in schools.

Dr. Kelly insisting that they are unhealthy. "In fact," said Kelly, "they are a disgrace to the schools."

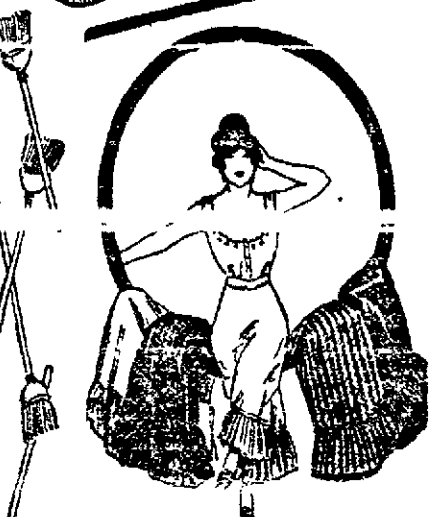

The flat of the board that no dancing shall be allowed in high school buildings was upheld last night when a second request from students at the Fremont High School was denied.

"It's the rule and let's stick by it," said Annie Florence Brown.

Director Boyle objected to a request from the students of the same school for permission to hold an entertainment, charging admission.

"The children pay a dollar each year for school activities," said Boyle, "and that should cover all. Many of these students are so poor that they have no lunches and have to eat what other students discard."

WHITE RIBBON CLUB HEARS PLEA FOR PURITY

Mrs. R. C. Young Appeals to Oakland Women for Purer Community.

Delegates Chosen to the State Convention in Santa Cruz October 13-17.

At the regular meeting of the Oakland Central White Ribbon Club held yesterday afternoon in the First Baptist church of this city, Mrs. Robert Charles Young, secretary of the Oakland Civic Center, made an appeal for the women of Oakland to endeavor to make the community as pure as the home.

The speaker was introduced by Mrs. Cynthia H. J. Dunsen, president of the organization.

By a unanimous vote Mrs. John Dunsen and Mrs. D. T. Curtis were chosen delegates to the state convention which will be held in Santa Cruz, October 13 to 17.

Mrs. L. Jesmer was appointed alternate Mrs. Robinson of the Fourth Congregational church of this city gave the report of the parents' conference and questionnaire, which she declared proved a benefit to the mothers. Several new members were admitted to the club.

The brief talk given by Mrs. Young awakened thought and caused much favorable comment. She said in part:

"That the good people of the community must be as diligent in doing good as the wicked are in doing evil. That of us when elected to office have as high ideals for the betterment of their city or state as have we, but we do not give them our support. We are asleep on our job. The wicked are not. They are ever alert proposing all sorts of measures to strengthen their own interests. Constantly seeing to it that some clause is introduced that will defeat the very thing we most desire to have accomplished. And it is our fault. Do you believe that a single compromise would be necessary, for instance, in this liquor ordinance, if every church in this community, backed by its every member would storm the city hall as we are the members of the Royal Arch lodge? Do you believe that our chief of police would think of giving page interviews against the things we women and many of our men have worked very hard to bring about if he knew that every intelligent, moral person in this community would answer him in person at the city hall, telling him that they could be decent and that they demanded a decent community where laws would be enforced and the small minority should no longer be allowed to rule?"

I make this appeal to you women to help us to make the community as good as the home—to help us see that the places where your sons and daughters are employed are clean and decent and paying a living wage. Help us to support our officials that they need not hesitate one hour as to what kind of an ordinance they should pass."

There is something in the air at this time of the year that has a very drying, irritating effect on the nostrils and air

and cold frequently induces these symptoms, and Foley's Honey and Tar Compound is a strong, demulcent remedy that gives prompt relief. Use it for coughs, colds, tickling throat, hoarseness and bronchial coughs; best for children and grown persons. Keep it at home, and quick relief will follow its use. Contains no opiates. THREATENS WIFE; THEN KILLS SELF

S. F. Plumber Draws Pistol and Spouse Escapes; Man Found Dead.

SAN FRANCISCO, Oct. 7.—The agony with which Mrs. Flora Keller dodged out

of her apartment in the lodging house she conducts at 898 McAllister street was all that saved her being slain by her husband, Frank Keller, a plumber, who committed suicide shortly before 11 o'clock this morning. The couple had been "at odds" for some time by reason of Keller's nightly carousals and protracted apathy.

Keller drew a pistol from his pocket and pointed it at the woman. "This is for you," he said, as he placed his finger on the trigger. Dropping to her hands and knees, and with a quick movement, Mrs. Keller managed to make her way out of the door, which she slammed behind her. As she darted down the hallway she heard a shot. Summoning a police officer the door was entered and Keller was found prostrate with a bullet in his heart. He was 39 years old. The couple had no children.

YOU CAN'T BE BEAUTIFUL IF YOUR LIVER DOESN'T WORK

Famous Actress Finds That a Healthy Liver Is Necessary to Good Looks and Youthfulness.

One of the best known women of the American stage is writing a series of articles on the preservation of beauty. She attaches great importance to keeping the liver active at all times, and she is right. Neither good looks nor happiness will stay long with any man or woman who lets the liver get lazy and sluggish.

It is not always safe to take calomel, the old liver remedy. Doctors agree that it is a very uncertain drug. But every druggist has a remedy for sale that is guaranteed to

take the place of calomel absolutely, and still be harmless, causing no restriction of habit or diet. This remedy is Dodson's Liver Tonic.

Dodson's Liver Tonic is a pleasant tasting vegetable liquid, but it starts the liver gently and surely and relieves constipation and biliousness so promptly that it has become a dependable remedy in thousands of homes in the United States. There are scores of families in this vicinity who will not be without it in the house and who would not think of starting on a trip without a bottle of Dodson's Liver Tonic.

So much Dodson's Liver Tonic has been sold in this city that druggists are convinced of its merits and will give any person his 50 cents back who buys a bottle and does not find that it takes the place of calomel to perfection.

Safety Is the First Consideration

In the management of this bank, in passing upon any proposed loan or investment the officers and directors first satisfy themselves as to the soundness and the safety of the transaction. If it fails to meet this test the proposition is rejected no matter how profitable it may appear to be.

Working on this principle, the bank has served the people of Oakland capably during its thirty-eight years of life, and now invites the accounts of those who value dignity, care and conservatism in banking.

ADMITS MURDER AND POISONING

Children Cling to Accused Mother

JURORS WEEP AT WOMAN'S STORY

Mrs. De Valle on Trial for Life, on Witness Stand.

Daughters Wait in Corridor to Cheer Parent Before Ordeal.

Two little girls, with sad faces, and clad in somber garments, waited patiently in a gloomy corner at the court house this morning for the appearance of their mother, Mrs. Mary De Valle, who is on trial for her life, charged with murdering her husband, Manuel E. De Valle, while he slept in their home near Irvington last July.

The smallest girl, Filomena, carried a sparse spray of carnations which she gave her mother with a kiss. Her sister, Marie, 13 years of age, also fondly kissed the mother, who shed tears as she passed into the courtroom. The little group had been waiting for nearly a quarter of an hour for Mrs. De Valle to be brought from the county jail. It was a brief opportunity for a meeting, away from the stare of the crowded courtroom, and where child-love might not be taken by outsiders as affection.

In spite of accusations of infidelity made against the accused defendant before her children, they clung to her for caresses today just as many witnesses have said they saw them doing on dark and stormy nights when the husband and father had driven them from the family residence to seek shelter with neighbors, or beneath haystacks.

Continues Her Story

Mrs. De Valle continued her story on the witness stand today, under direct and cross-examination. Her eyes were tearful and not infrequently did a teardrop show on the face of a juror or among the spectators, as she related the incidents covering fifteen years of her married life, prior to the fatal shooting.

"I was married at the age of 17 and I am the mother of four children, one of whom is dead," testified the witness. "Shortly after my marriage my husband commenced to beat me. Before the birth of my oldest child he beat me so much that I could not get up. He beat me with a water for 200 head of stock on the ranch one day. He went to town. The cows drank all the water that I pumped, and when he found the trough empty he swore that I had not pumped any, and beat me.

"I told him that I was in no condition to work, and then he compared me to a bean, and said that there was no reason why I shouldn't be out in the fields.

"Another time he drove me and the children out into a rainstorm at night. We did not have much clothing. Once he burned a lot of clothing that had been given me and another time he knocked me down with such force that my collar-bone was broken."

Preceding his mother on the witness stand, Manuel De Valle, her 14-year-old son, testified that Joseph Peters, one of their neighbors, had sought to induce him to testify more favorably to his deceased father than to the mother.

ESTATE INVENTORIED

An inventory of the De Valle estate, which has been filed, shows a valuation of \$7,360, included in the ranch near Mowrey's Landing, and personal property. Mrs. De Valle will be entitled to one-half of the estate, in event that she is acquitted.

Attorney A. L. Frick, representing the defendant, has not as yet concluded with his testimony. District Attorney Hynes announced when court convened today that he had another important witness, and Mrs. De Valle will probably not finish her story until after this testimony. Both sides expect to conclude the case before the end of the week. Arguments will probably commence sometime tomorrow.

Colonel Gaillard's Condition Serious

BALTIMORE, Oct. 7.—No improvement was reported today in the case of Colonel D. B. Gaillard of the engineer corps, U. S. A., who is a patient at Johns Hopkins Hospital here. It is understood that his condition is precarious.

Colonel Gaillard's illness is said to have resulted from climatic conditions in the Panama Canal zone, where he had charge of the excavation of Culebra cut.

ALAMEDA TO HAVE FOUR PORTOLA FLOATS

ALAMEDA, Oct. 7.—At least four floats will represent Alameda in the coming Portola celebration and possibly as many more will be entered in the big carnival and parade. The four promised so far were mentioned at the last joint meeting of the Alameda Portola committee and the North Side Improvement Club.

Two are to be out in my the committee, one by the North Side Club and another by Alameda Acie of Eagles.

Men and women to ride horseback are desired by the committee as it is planned to have a cavalcade of men and women on handsome mounts as a further showing from Alameda. Names are being sent to C. A. Berle, or Dr. Tom Carpenter.

WASHINGTON, Oct. 7.—President Wilson today selected Dr. Arthur Yager, president emeritus of Georgetown College, Georgetown, Ky., for governor of Porto Rico.

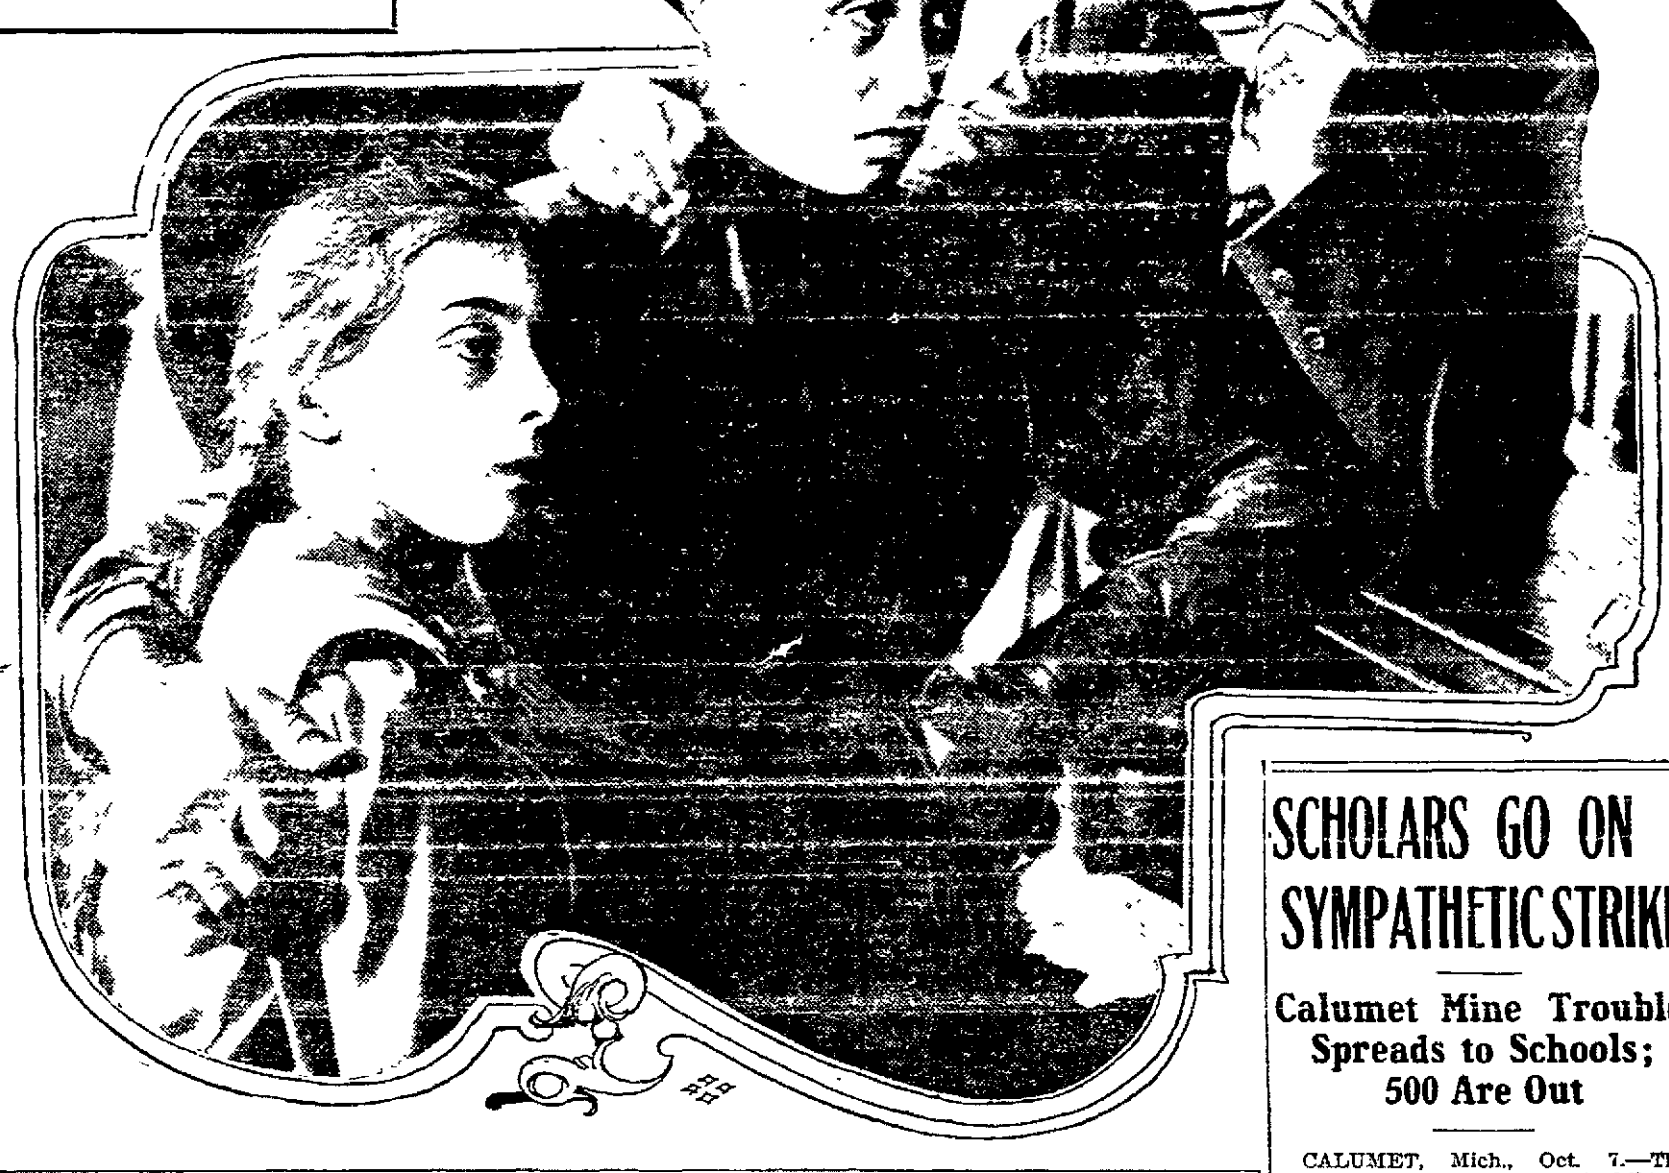

REFUSES \$15 AWARD; IS SUED IN CONDEMNATION

Refusal on the part of William J. Schmidt to accept \$15 award for damages to his property done in cutting down the grade on Bulmer Hill, resulted in a suit for condemnation of the property today, the action being taken by the county. Schmidt claimed \$5000 damages, but a board of appraisers allowed him \$15, and he refused to abide by the decision by accepting the warrant. District Attorney Hynes then brought action.

ORDERED TO RESTORE TRAVEL STATION AGENCY

SAN FRANCISCO, Oct. 7.—The State Railroad Commission rendered a decision today directing the Southern Pacific Company to restore its station agency at Traver on the San Joaquin division. A. M. Buchanan made the complaint, declaring that the people of that section were suffering great public inconvenience.

ASSESSMENT ROLLS ARE READY FAT TAXES WILL BE COLLECTED

County Auditor E. F. Garrison has turned over to the tax collector the assessment rolls for the year 1913-1914 with the taxes for the year fully extended.

Taking into consideration the fact that there are 6000 more assessments this year than there were last year, Auditor Garrison has completed this big task in record breaking time, the rolls being all extended and turned over to the tax collector eight days sooner than the time set for this work.

The following figures show the assessed valuation of the county and the amount of taxes which will be collected:

Value of non-operative property	\$229,046,347.00
Value of operative property	22,127,324.00
Value of railroads assessed by the state board of equalization	5,189,724.00
Total assessed valuation	\$256,363,395.00
Total amount of taxes charged to tax collector	\$ 2,891,230.73
Divided as follows:	
Non-operative property, first installment	1,503,344.26
Operative property, first installment	5,955.28
Total first installment	\$ 1,509,300.54
Non-operative, second installment	\$ 1,380,602.27
Operative property, second installment	1,918.92
Total second installment	\$ 1,382,521.19

REPORTS TO LIND ON MEXICAN AFFAIRS

U. S. Charge d'Affaires Presents No Glowing Picture

VERA CRUZ (Mex.), Oct. 7.—A report on affairs at the Capital brought by Nelson O'Shaughnessy, Charge d'Affaires at the American Embassy in Mexico City, was laid before John Lind, the personal representative of President Wilson, in an over-night conference. It was said that no roseate picture of conditions, but reported assurances from the national palace that fair elections would be held and early pacification of the country accomplished.

Mr. Lind will remain in Vera Cruz. Unless invited by the Mexican government or instructed by President Wilson, he will have no direct communication with the Mexican administration. If he has any representations to make, he probably will communicate them to the embassy.

FIRE THREATENS ELKS' BUILDING IN ALAMEDA

ALAMEDA, Oct. 7.—Policeman A. F. Plunk and Fire Chief Walter Stelmets extinguished a fire in a shed at the rear of the city hall yesterday at noon. The blaze was discovered by the policeman, who telephoned Tremetz and the fire was extinguished with the aid of the fire appliances on the chief's automobile. For a time the Elks' building, which is of frame construction, was threatened. The origin of the fire is unknown. There was but nominal damage.

CITY AIDS IN PAYING FOR CULVERT BUILDING

An ordinance to appropriate \$600 to assist residents of Walnut avenue, between Courtland avenue and High street, in paying for a culvert was given its initial passage by the city council this morning.

The city council awarded contracts to C. R. Allen for two Ford automobiles and to the Howard Automobile Company for a Buick automobile. The cars will be used by the health department.

PLEADS NOT GUILTY.

ALAMEDA, Oct. 7.—Percy Dixon, arrested on complaint of F. Sakuri, the manager of the Harbort Hotel, pleaded not guilty to the charge of battery, given this morning and pleaded not guilty. The case was continued to be set for trial later. Some dispute as to the payment of a bill for horse shoeing was the result of the disagreement between the horse-shoer and the Japanese.

WOMAN AIDED BY JUDGE MAN GRILLED

SAN FRANCISCO, Oct. 7.—Because she protested physically against J. J. Linehan's serving her husband, James Oakley, with any more liquor, extending him further credits, Mrs. Elizabeth Oakley, with a 5-week-old infant in her arms, was hustled to the police station in the patrol wagon with a charge of disturbing the peace against her last night. Today she was relieved by order of Police Judge Sullivan, complimented on her fortitude and given \$20 as a present by the court, while Linehan was advised to use more charity in his dealings, and was reprimanded.

WELLS, FARGO REDUCED RATES ARE SUSPENDED

SAN FRANCISCO, Oct. 7.—The reduced schedule of rates of Wells Fargo & Co., ordered by the State Railroad Commission to go into effect today will not become operative until Monday, November 3. The commission this morning ordered the suspension of the new tariff until that day, pending its action on the application for a re-hearing requested by the corporation and now under consideration.

TO TESTIFY REGARDING BACCHANALIAN SUICIDE

Ray Gillogly, the young San Francisco boy who was engaged to Lucille Gibson and who was one of the party at the wild carousal Saturday night which led the young woman to commit suicide by throwing herself from the deck of the ferry-boat Piedmont, will be the chief witness to testify at the inquest to be held tomorrow night at 7:30 o'clock at the local morgue over the remains of the girl. Gillogly is being held on a statutory charge in connection with the affair in San Francisco.

ALAMEDA CITY TAXES DUE ON NEXT MONDAY

ALAMEDA, Oct. 7.—City Treasurer Oswald Lubbock has about completed the extension of all tax bills and the first installment for the current fiscal year will be due and payable next Monday. The collector expects a large number of the property owners of this city to make their first payment next week. Taxpayers will be delinquent on the last Monday in November.

SCHOLARS GO ON SYMPATHETIC STRIKE

Calumet Mine Trouble Spreads to Schools; 500 Are Out

CALUMET, Mich., Oct. 7.—The sympathetic strike of school children in the Keewauqua copper strike district spread today and 500 are now out. The Ahmeek, New Alouse and Michawack schools are affected.

A special meeting of the school board was called to deal with the situation. It is said the compulsory school attendance law will be upheld and that wholesale prosecutions of parents will follow if the children do not return to school at once. This morning a parade of 400 of the striking pupils was held at Ahmeek.

12 CALIFORNIA MAIDS WILL TRAVEL

Portola Girls Chosen to Herald Great Festival During Tour.

Miss Lizette Krause, San Jose, Accepted as Oakland Candidate, Winner.

SAN FRANCISCO, Oct. 7.—Twelve of California's fairest daughters last night were finally chosen to carry the message of San Francisco, the invitation of the Pacific Coast to gather at the Golden Gate and do honor to Don Gaspar De Portola, when, at the St. Francis Hotel, the final count was taken in the vote of the Portola Girls' Contest. Following a spirited contest, the twelve winners, who will at once leave with the invitations of the big fair, were named. Elizabeth Gleeson, daughter of Captain Gleeson, of the police department, won first vote. Miss Lizette Krause, the San Jose contestant, embraced as Oakland's candidate and supported by many other cities throughout the state, also came through with a handsome vote.

The girls elected were as follows: Elizabeth Gleeson, entered by the Pacific Gas and Electric Company, who polled the enormous vote of 333 3/4. She wins \$100 as pin money for the ten days' trip donated by the Portola committee. The Portola committee, donated by Ray Levin. She will be furnished with a maid by the St. Francis Hotel Company. She will have the chief stateroom on the S. S. Congress. She will occupy the royal or presidential suites at all hotels. She will have a special stateroom on the Shasta Limited on the return trip. And she has the proud satisfaction of knowing herself far and away the most popular girl in the contest.

"I SHOULD WORRY" MOTTO

Lulu Bettanier, entered by the St. Francis Hotel, whose vote was 190,000, wins \$75 as pin money, donated by the Portola committee. When Miss Lulu was told she must not get anxious, just before her manager dumped the money in the big envelope, she smiled serenely, saying: "I should worry!" Which is respectfully recommended as the motto for the contest.

Josephine Welch, entered from the city hall. Her vote was 183,892. She will have \$50 for pin money, as will all the others of the ten girls next to the two leaders. And each also will be given her pick of the shoes in the "Valley" shoe company's store, and her choice of a hat in the store.

Lizette Krause, from San Jose, got a vote of 171,759. They surely worked for Miss Krause down in Santa Clara valley. When the voting began last night she stood awed down on the list, yet always regarded as a strong candidate—with a vote of 20,759. One hundred and fifty-one thousand votes were hurled into the lists at the last moment, at a penny a vote—which, as one excited young man gurgled out, "was truly going some, wasn't it, dearie?"

HERE ARE THE OTHERS

Abigail Whelan of Hale Bros., with a vote of 166,595.

Mao Agnes Sheridan—of "Sheridan's Ride" fame—entered by the Southern Pacific Company, with a vote of 156,657.

Edna Brown of Roos Bros., with a vote of 145,878.

Annel Richmond, from the Mills building, with a vote of 125,657.

Lee M. Castleman, from the Portola-Louvre Cafe, with a vote of 112,503.

Ethel Mulligan, from Sam Bergers, with a vote of 95,000.

Katherine Wilson of the Solano Irrigated Farms, with a vote of 85,452.

Evelyn Macken, from the Pacific building, with a vote of 70,211.

Here is the standing of the remaining eight who made such a gallant fight in the contest:

Victoria Cassano, Phelan building, \$4,816.

Anna Norton, Continental Hotel, \$1,422.

Arva Jeffries, George H. Tyson, \$1,910.

Frances Trick, Humboldt Bank building, \$3,600.

Katherine Neilligan, Tait-Zinkand Cafe, \$7,087.

Hilda Hofen, L. Dinkelspiel Co., \$1,096.

Clairie Lilly, Insurance building, \$3,896.

Genevieve Peterson, Merchants' Exchange, \$3,258.

CHAPLONES, OF COURSE

They will leave San Francisco on the S. S. Congress, Saturday, October 11, there being nothing more now to settle save the important matter of the selection of the chaplones for the "bouquet of Portola flowers," as somebody termed them last night, and the packing of trunks, and good byes, and so forth.

They will be in Seattle on the 13th, at the Hotel Washington. Then they go to Victoria, B. C., where they will be entertained at the Empress Hotel.

CONFESSES HE KILLED MRS. HARRIS

Burr Harris, Admitted Murderer of Mrs. Gay, Unbosoms Other Crimes.

Set Coronado Hotel Afire and Sent Poisoned Candy to Woman.

SAN DIEGO, Oct. 7.—Burr Harris, a negro, who last night confessed the murder of Mrs. Rebecca Gay of Los Angeles, this morning told Captain of Detectives Joe Myers and two Los Angeles detectives that he also killed Mrs. M. Haskins of Compton, some time ago, set the Coronado Hotel, in Los Angeles on fire and sent poisoned candy to a woman in Los Angeles. Details of the confession were made public by Captain Myers this morning.

Harris claims that his crimes were the result of an uncontrollable desire to kill, according to the police. He was acquitted of the murder of Mrs. Haskins at Compton and the poisoned candy, it is stated, was sent by him to a Mrs. Pierce, against whom he claimed he had a grievance. He gave no reason for the burning of the hotel.

HAS MANTA TO KILL

He claims, according to the police, that he had absolutely no reason for killing the two women. When he went to the office of Mrs. Gay he saw that he was possessed with a manta to kill some one. He told the police Mrs. Gay was standing at the telephone in her office when he crept up behind and beat her to death with a section of pipe.

After he was satisfied she was dead he says he wiped up the blood stains, tried to throw the body out of a window and then went to his home, where he buried his clothes in different parts of the yard.

The police said that he probably would not be taken to Los Angeles until tomorrow.

FIRE STILL RAGES AT STANDARD PLANT

250,000 Gallon Gasoline Tank Explosion Expected

SAN DIEGO, Oct. 7.—The explosion of 250,000 gallons of gasoline at the Standard Oil Company in San Diego is expected this morning. The metal hatch on top of the big tank has been forced out by the heat from the million-gallon crude oil tank and the gas vapors coming through the hatch caught fire this morning. This means, officials say, that nothing in the entire plant will be saved.

The fire in the big crude oil tank is out. One lumber vase was damaged to the extent of \$10,000 when the tank blew up last night and scattered blazing oil over a wide radius. Only the gasoline tank, a small crude oil tank and a kerosene tank remain to burn. The loss now is close to \$200,000.

MANY CASES OF RABIES FOUND BY DEPARTMENT

Of 103 dogs' heads examined by the city bacteriological department, 67 have been found to be afflicted with rabies, according to a statement given out by the health department today. The heads were received since August 11.

The proposed ordinance to provide for the shooting of dogs found unmuzzled will be presented in a few days by Commissioner of Public Health and Safety Turner.

MADERA GAS COMPANY PERMITTED BOND ISSUE

SAN FRANCISCO, Oct. 7.—A decision was rendered today by the Railroad Commission granting authority to George Kitchin to sell his gas plant in Madera to the Madera Gas Company, and authority was given to the latter concern to issue \$25,000 worth of bonds and \$14,000 worth of stock.

Then to Vancouver, where the Vancouver Hotel will be their headquarters. Then to Tacoma, and the Tacoma Hotel. From there to Portland, arriving in the city of roses and putting up at the Multnomah Hotel on October 18.

They leave Portland Monday, the 20th, arriving in San Francisco on the evening of Tuesday, October 21—the great eve, the eve of the gayest, cleanest, most colorful and artistic civic celebration held anywhere in America—the Portola Festival.

The total number of votes recorded was 2,131,417.

Figure 1 is a line graph showing the relationship between the percentage of total effort and the percentage of total catch for various fish species. The x-axis represents the 'Percentage of total effort' from 0 to 100, and the y-axis represents the 'Percentage of total catch' from 0 to 100. The legend identifies seven species or groups: Yellow perch (solid line with circles), Rock bass (dashed line with squares), Rock bass + yellow perch (dotted line with triangles), Rock bass + yellow perch + white perch (dash-dot line with diamonds), Rock bass + yellow perch + white perch + bluegill (long-dashed line with crosses), Rock bass + yellow perch + white perch + bluegill + largemouth bass (short-dashed line with asterisks), and Rock bass + yellow perch + white perch + bluegill + largemouth bass + redear sunfish (solid line with pluses). The graph shows that as the percentage of effort increases, the percentage of catch for each species generally increases, with yellow perch and rock bass being the most abundant species.

Buy the Remington

If he buys on reputation, he buys the Remington. If he buys on side-by-side comparison, he buys the Remington. If he buys on nothing short of actual test, he buys the Remington. In any case and under any conditions, the Remington is his natural choice.

The actual test is the most decisive of all. If you do not know by actual test the time saving merits of the Column Selector of the Model 10 Remington, then you do not know the Remington Typewriter of today. And the Column Selector is only one example.

There are many new improvements on the present day Remington models; improvements which are the very latest contributions to typewriter progress. The side-by-side comparison or the actual test will convince you that these improvements are a necessity—to you and to every typewriter user.

MORSE IS ARRESTED.
SAN FRANCISCO, Oct. 7.—Herold E. Morse, an automobile demonstrator, was arrested in Minneapolis yesterday on a warrant issued here two years ago charging him with the violation of section 2673 of the penal code. On June 29, 1911, while demonstrating, Morse ran down Eugene Place. The aged man died from the injuries received. A wide search was made for the automobile man, but without success.

The One Truly Artistic Player-Piano—The Angelus

Every intending buyer of a player-piano should see the Angelus before making a final selection. It costs no more to own the best, the most artistic of players, than the indifferently good, and the Angelus is so far superior in construction, in ease of control, in perfection of musical results, as to place it a generation in advance of its competitors.

There are two kinds of player-pianos -- the ANGELUS AND THE OTHER kind. No other player has the "MELODANT," the marvelous device which separates melody and harmony just as in hand-playing. None has the PHRASING LEVER, which places the entire control of phrasing under THE TOUCH OF ONE FINGER. No other player has the diaphragm pneumatic, the automatic, self-opening and closing pedals and none gives such perfect musical satisfaction.

Seeing and hearing the Angelus enables the buyer to make an intelligent comparison -- therefore do not neglect your own interests.

Angelus player-pianos are no more expensive than the ordinary types of players, and may be purchased on easy payments. Your old piano taken in exchange at its full value.

SPRECKELS HOLDS HE IS IN RIGHT

Specific Complaint in Matter of Subscription to Panama-Pacific.

SAN FRANCISCO, Oct. 7.—Rudolph Spreckels, still seeking to avoid payment of his \$25,000 subscription to the Panama-Pacific International Exposition, yesterday filed an answer to the suit which the directors of the exposition have brought against him to make him keep his written promise.

Spreckels' answer is what might be called "a full denial." He denies everything in sight up to the fact that an exposition is to be held in San Francisco in 1915, and what interest he has in the matter.

Specifically Spreckels says, and he is quite specific about it, that he is not a subscriber to the exposition, and that he never intended to be. He says that he has never paid a cent toward the subscription, and that he has never received any of the material which he is supposed to have received.

One more fact Spreckels admits—that the correspondence between him and the exposition company, the exposition company urging him to make good and he asking to be allowed to withdraw, has been "voluntarily" some of this correspondence is set forth in full in this answer.

Among other things to which he objects is that the exposition company should sell the municipal bonds it holds at \$97, or less than par. This, he says, will cost him as a taxpayer a financial loss.

WOMAN SENTENCED TO LIFE IMPRISONMENT

HARRISONVILLE, Mo., Oct. 7.—Mrs. Ida May Keller, charged with killing her husband and 7-year-old daughter, Margaret, was convicted of murder in the first degree by a jury late last night and sentenced to life imprisonment in the state penitentiary. The jury took but one ballot.

TO EDUCATE NEGROES.
WASHINGTON, Oct. 7.—The American Colonization society, the only private organization in history that ever successfully established an independent nation, today paid over to its ward, Liberia, more than \$60,000, the increment of an idle fund, for the education of the children of the negro republic.

THIRTY AUTOS TO HAVE SPEED DUEL

Desert Roads to Stage Fast Fight for New Record in South.

(By Edmund Crinnion.)

With the city of Phoenix, in the heart of Arizona, as the goal, thirty or more fast racing cars are to be sent away from Los Angeles in a dash across the 500 miles of road between the southern city and the Arizona capital on November 2. It is to be a daylight race. For the first time in the history of the classic overland motor battle will be settled between daylight and dark.

There is reason to believe that every existing record between Los Angeles and Phoenix will be lowered this year. The conditions of the road, the fact that the fastest cars in the local motor world are to be entered and the general knowledge of the road possessed by the drivers makes this year's race one of the most interesting ever planned. The cars will be sent away at daylight from a place to be selected in this city and will be allowed to finish at the Fair grounds gates in Phoenix.

The first day's run will be through San Diego to Yuma, where the night control will be taken over. The cars should reach San Diego in less than four hours and will be then routed through Steel Canyon over the Mountain Springs grade and through the Devil's Canyon to El Centro. There a checking station is to be established and will be routed out through the Mammoth Wash on the desert grade, to the first control on the banks of the Colorado river.

There in that Mammoth Wash will be fought the hardest battle ever waged between motor racing cars. The deep sands of that wilderness will test the skill of the best drivers. The Phoenix race is different from any other contest ever staged in which drivers are expected to do road work are forced to battle with the deep sands. This Mammoth Wash may see the finish of several of the fast cars and perhaps of the leaders who, through over-confidence, may be induced to try to drive the sandy stretch at too fast a clip.

As the cars reach the Colorado they will be placed in control and then ferried across the river at Yuma, where the drivers can rest and remain overnight for the start on the following morning. Then will come the last stretch of the 296 mile run into Phoenix. The cars will be sent out through Dome, to Castle Dome, thence through Palomas and Augua Caliente to the Fair grounds at Phoenix. Here in the beautiful Hassayampa Valley the drivers will skirt the most interesting section of Arizona, the cars will pass along the edges of wide alfalfa farms and through a well-watered district which is in vast contrast to the arid sections of the malpais districts over which the racers will be sent after leaving Castle Dome.

The finish at Phoenix is to be made spectacular this year. George Purdy Bullard will be in charge there and the cars will be sent around the race track one of the fastest courses in the world, before they can be checked in at the finish. Thousands of spectators will have a chance to see the winners.

ESTABLISH SERVICE STATIONS.

"Under the new Service System recently established by the Pioneer Automobile Company, Chalmers owners will be guaranteed the best possible mechanical assistance by Service Stations, ever before given the automobile owners," said Bert S. Bingham, traveling salesman for the Pioneer Automobile Company.

"Our new service arrangement provides for Service Stations being established in territory that heretofore has been impossible of approach by the wholesale automobile distributor. Our service arrangement now makes it every day and night in our territory that is large enough to boast of a regular garage equipment, and local Chalmers owners and tourists will not be able to travel a distance of approximately fifty miles in Northern California, without one of the Pioneer Automobile Company's Service Stations being at their disposal."

HARSH WORDS DISTURB AND DIVORCE FOLLOWS

SAN FRANCISCO, Oct. 7.—Grace E. Cook filed with the County Clerk last week a "divorce" complaint against Wilfred C. Cook, an automobile dealer of Los Angeles, and yesterday Judge Graupner granted her an interlocutory decree of divorce. It appeared that Cook was in the habit of using words both strong and harsh in speaking to his wife, and though they went automobile riding many times, it was on these occasions that some of the strongest and harshest expressions escaped his lips.

Mrs. Cook waived the right to the custody of her five-year-old daughter, Grace, upon it being stipulated that she might see the child whenever she chose. She likewise waived her right to alimony, all property rights having been settled out of court.

STATE GROCERS AT SANTA ROSA

SANTA ROSA, Oct. 7.—The State Grocers' convention began its sessions here yesterday, the meeting being devoted chiefly to the hearing of committee reports. An address by Assemblyman Herbert W. Smith was the first feature of the legislature was a feature. A reception and dance were on the program last night and the delegates were taken for an auto tour of the city and vicinity today.
